Dimensional Gateways Pane Andov, 2019-05-03 Dimensional Gateways A Practical Guide to Astral Projection is another excellent book written by Pane Andov It gives step by step instructions for awakening human latent astral potentials how to visit other dimensions what to do and what not to do there Among many other things Andov is a lifetime astral traveler with over 30 000 out of body experiences and thousands of students worldwide His knowledge and experience are always a valuable asset to anyone who studies or practice the art of astral projection Andov clearly explains that the physical dimension that we are currently living in is not the only one that exists and that there are other six dimensions that our soul essence can visit and manifest on In other words our soul essence which is the consciousness itself is capable of multidimensional presence What the Astral Plane is a concern as with any other living forms in the Universe the same principle applies for the human beings the length and the reachable distance while out of physical bodies will vary on the amount of life force the consciousness has during the process of astral departure or separation from the biological host During the sleeping time the astral body of the human being departs from the physical host and enters the

Astral Plane where it starts collecting life force energy that is essential for biological existence The entire recharging process is fully explained which gives valuable clues to the student of how the dynamics of the energy transfer between the astral etheric and physical body works A part in the book deals with dreaming programs of holographic nature why we are perceiving them inside the Astral Plane or how they are artificially manifested inside our consciousness A complete elaboration of four sources that the dreaming programs can originate from are given and how one can break the dreaming hologram and regain a full awareness on the Astral Plane During the sleeping time many people experience something that is called a Sleep paralysis phenomenon Sleep paralysis is a phenomenon during which an individual is unable to move physically during falling asleep or awakening but is aware of his hers surroundings The author provides the techniques of how to safely exit the Sleep paralysis state and to use it as an advantage to raise the Kundalini energy and achieve high quality astral traveling The entire training manual is given how one can tune into a progressive meditative state and by learning Andov s five system method can achieve remote viewing astral travel and a lot more A complete guide book for those who are practicing these arts which saves years of useless experimentation For all the beginners many shortcuts are given how to get them from a starting level to a very advanced one A book that will change your life in six months if the techniques and instructions are followed correctly and as advised Once one becomes an astral traveler he she starts learning about the Dimensional Gates and the ultimate exploration of the Universe begins *Leaving the Body* D.
