A book analysis paper is an essay that describes factual and personal information regarding a work of literature. Book analyses are typically about four paragraphs. They are meant to provide a brief overview and review of the book, without providing unnecessary details. Step 1

Read the book. In order to write a book analysis paper, you have to read the book. Reading the book will enable you to analyze it better and comprehend its positive and negative attributes. You can find a book that you would like to read online, at the library, or at the bookstore.

Step 2

Create an outline in order to organize your information for the book analysis paper. Your outline should have at least four headings. The first heading can be the introduction, while the second heading can be the literary objective. The third section can be about the characters in the book, and the fourth section can be the positive and negative aspects of the book.

Step 3

Organize the introductory information in the outline. The introductory paragraph of the book analysis paper should contain basic information about the book, such as the title, the author, the publication date, a very brief summary, whether or not the book is part of a series, and the genre.

Step 4

Determine the literary objective of the book. Under the second heading of your outline, write notes about the message the author wanted to portray when writing the book. For example, the author may have written a book about friendship in order to display its typical characteristics. Also, list some of the prominent literary devices within the book. For example, the author may have used foreshadowing in order to provide you with insight on how the book would end.

Step 5

Take notes on the characters within the story. When you write the outline and the book analysis paper, you have to explain the qualities of the main characters within the book. For example, the main character of the book may have a bold personality, whereas the friend of the main character may be shy and timid.
