**How to Find Yourself** Brian S. Rosner, 2022-05-05 A Christian Answer to the Identity Angst of Our Culture In the 21st century West identity is everything Never has it been more important culturally speaking to know who you are and remain true to yourself Expressive individualism the belief that looking inward is the way to find yourself has become the primary approach to identity formation and questioning anyone's self made self is often considered a threat or attack Prompted by his own past crisis of identity Brian Rosner challenges the status quo by arguing that while knowing yourself is of some value it cannot be the sole basis for one's identity He provides an approach to identity formation that leads to a more stable and satisfying sense of self This approach looks outward to others acknowledging that we are social beings and looks upward to God to find a self who is intimately known and loved by him How to Find Yourself equips readers from a variety of backgrounds to engage sympathetically with some of the most pressing questions of our day Challenges the Status Quo Examines and critiques expressive individualism the leading strategy for identity formation Gospel Centered Identifies an approach to identity formation in Jesus's life story and God's personal knowledge of his children Accessible Helpful for a wide audience of laypeople students and church leaders Foreword by Carl R Trueman Opens with a message from the author of *The Rise and Triumph of the Modern Self*

You'll learn stress reduction, relaxation, and emotion regulation techniques and how best to communicate and cope with others while keeping your personality disorder-related behaviors in check. [How to Find Your Soul Mate](#) Lisa Oliver, 2006-01-01 **Know Yourself** Ole Jakob Filtvedt, Jens Schröter, 2023-12-31 The book explores ancient interpretations and usages of the famous Delphic maxim "know yourself." The primary emphasis is on Jewish, Christian, and Greco-Roman sources from the first four centuries CE. The individual contributions examine both direct quotations of the maxim as well as more distant echoes. Most of the sources included in the book have never previously been studied in any detail with a view to their use and interpretation of the Delphic maxim. Thus the book contributes significantly to the origin and different interpretations of the maxim in antiquity as well as to its reception history in ancient philosophical and theological discourses. The chapters of the book are linked to each other by numerous cross-references which makes it possible to compare the different views of the maxim with each other. It also helps readers to notice relationships and trajectories within the material. The explorations of the relevant sources are also set in the context of ongoing debates about the shape and nature of ancient conceptions of self and self-knowledge. The book thus demonstrates the wide variety of philosophical and theological approaches in that the injunction to know oneself could be viewed and how these interpretations provide windows into ancient discourses about self and self-knowledge. **How to Find Your Super Awesome Sassy Self!** Melissa Young-Dorn PhD, 2014-11-05 How to FIND your Super Awesome Sassy Self is loaded with cutting edge tools and strategies to build a strong foundation that gets you out of your comfort zone and into your visions and dreams.
