Ill Wind Weather Warden Book:

Ill Wind Rachel Caine, 2003-12-02 Someone's finally doing something about the weather in the first in this series by the New York Times bestselling author of *Ink and Bone* and the *Morganville Vampires* series. It's A FUN READ! Jim Butcher from *A FIRST CLASS STORYTELLER* Charlaune Harris The Wardens Association has been around pretty much forever. Some Wardens control Fire, others control Earth or Water or Wind, and the most powerful can control more than one. Without Wardens, Mother Nature would wipe humanity off the face of the earth. Joanne Baldwin is a Weather Warden. Usually, all it takes is a wave of her hand to tame the most violent weather. But now Joanne is trying to outrun another kind of storm: accusations of corruption and murder. So she's resorting to the very human tactic of running for her life. Her only hope is Lewis, the most powerful warden known. Unfortunately, he's also on the run from the Council. It seems he's stolen not one but three bottles of Djinn, making him the most wanted man on earth. And without Lewis, Joanne's chances of surviving are as good as a snowball in hell. A place she may be headed. So she and her classic Mustang are racing hard to find him, because there's some bad weather closing in fast. *Ill Wind*'s forecast calls for murder, mayhem, magic, meteorology, and a fun read. You'll never watch the Weather Channel the same way again. Jim Butcher, bestselling author of *The Dresden Files*. Rachel Caine is the author of several bestselling series, including the *Revivalist* and *Outcast Season* novels. Among her many popular novels are *Daylighters*, *The Dead Girls Dance*, *Terminated*, and *Black Dawn*. **Weather Warden Collection** Rachel

Caine, 2013-12-12 From the bestselling author of the *Morganville Vampires* series. Some Weather Wardens control fire, others control earth, water, or wind, and the most powerful can control more than one element. Without Wardens, Mother Nature would wipe humanity off the face of the earth. Joanne Baldwin is a Weather Warden. Usually, all it takes is a wave of her hand to tame the most violent weather. But now Joanne is trying to outrun another kind of storm: accusations of corruption and murder. So she's resorting to the very human tactic of running for her life. Includes the first three installments in the Weather Warden series: *Ill Wind*, *Heat Stroke*, and *Chill Factor*.

Windfall Rachel Caine, 2005-11-01 A rollicking good ride. Caine's prose crackles with energy, as does her fierce and lovable heroine. Publisher's Weekly: Joanne is all out exhausted. When not donning a rain slicker and camping it up for the camera as a TV weather girl, she has to contend with a vengeful cop on her tail, her newly divorced sister moving in with a charming but mysterious British beau in tow, and getting caught in the middle of a supernatural civil war. Worst of all, her boyfriend in a bottle can't stop draining her powers, and is fast morphing from the Djinn of her dreams to the Ifrit of her nightmares. As the agreement between the Wardens and the Djinn starts to self-destruct, Joanne finds herself forced to choose between saving her lover, saving her Warden abilities, and saving humanity.

Two Weeks' Notice Rachel Caine, 2012-08-07 In New York Times bestselling author Rachel Caine's thrilling *Revivalist* series, Bryn Davis finds out that making a living can be rough if you're already dead. After dying and being revived with the experimental drug *Returne*, Bryn Davis is theoretically free to live her unlife with regular doses to keep her going. But Bryn

knows that the government has every intention of keeping a tight lid on Pharmadene's life altering discovery no matter the cost Thankfully some things have changed for the better her job at the rechristened Davis Funeral Home is keeping her busy and her fragile romance with Patrick McCallister is blossoming thanks in part to their combined efforts in forming a support group for Returne addicts But when some of the group members suddenly disappear Bryn wonders if the government is methodically removing a threat to their security or if some unknown enemy has decided to run the zombies into the ground
