[Loose-leaf Version for Psychology](#) Sandra E. Hockenbury, Susan A. Nolan, 2014-12-29 This acclaimed classroom favorite makes the science of psychology and through that

the process of science itself come alive for students with personal stories that exemplify important concepts in a student friendly way and with coverage of the field's scientific foundations and advances that is accessible without being oversimplified

*Exploring the Conscious Self* J.L. Harter, 2014-08-23 For the serious student of life here in the Earth School this work may help you push your own boundaries of beliefs perceptions and assumptions and lead you into a deeper course of inquiry within the heart and soul of you It's in large part why you are here So I've gathered together three works that explore different aspects of consciousness with a small c and along with painting a different perspective of the big C in terms of the Cosmic Consciousness Source or God however it is you might like to reference it It is my contribution towards helping to create that little instruction book we all could use It is my greatest hope that you might find something of value something to make you think or something that might give you pause to realize you are so much more than you've been taught by conventional religion and various courses of earliest teachings from elementary school and beyond
