Islam An Introduction:

Islam Annemarie Schimmel, 1992-05-14 It is a splendid introduction carefully researched and comprehensive yet readable It corrects many popular and erroneous notions about Islam that prevail in non Muslim societies For the general reader there are many profound insights of great consequence for example the passages on women marriage and inheritance or the section on jihad nearly always completely misunderstood in the press Islam Yusuf Qaradawi, 2010 Shi'i Islam Najam Haider, 2014-08-11 During the formative period of Islam in the first centuries after Muhammad s death two particular intellectual traditions emerged Sunnism and Shi ism Sunni Muslims endorsed the historical caliphate while Shi i Muslims supporters of Ali cousin of the Prophet and the fourth caliph articulated their own distinctive doctrines The Sunni Shi i schism is often framed as a dispute over the identity of the successor to Muhammad whereas in reality Sunni and Shi i Muslims also differ on a number of seminal theological doctrines concerning the nature of God and legitimate political and religious authority This book examines the development of Shi i Islam through the lenses of belief narrative and memory It also covers a wide range of Shi i communities from the demographically predominant Twelvers to the transnational Isma ilis to the scholar activist Zaydis The portrait of Shi ism that emerges is that of a distinctive and vibrant community of Muslims with a remarkable capacity for reinvention and adaptation grounded in a unique theological interpretation of Islam Islam Catharina Raudvere, 2014-11-19 Many existing introductions to Islam focus predominantly on the Middle East and on historical background at the expense of Islam as a lived faith Assessing Islam as a truly global phenomenon Catharina Raudvere engages thoroughly with history explaining the significance of the revelation of the Prophet Muhammad and the origins of the different Sunni and Shi a groups within Islam while also giving full and comprehensive coverage to Muslim ritual life and Islamic ethics She discusses moral debates and modern lifestyle issues such as halal consumption interfaith dialogue and controversy over the wearing of the veil Diaspora communities are considered with a view to showing how norms and doctrines are understood and sometimes contradicted in social and ritual practice In addition the author focuses on the meaning and continuing application to modern life of the Quran and hadith as sources for Islamic theology kalam and jurisprudence fiqh The book gives much attention to questions of universal values Islam and democracy gender issues women s rights and pluralism contrasting the thinking of Jihadists and radical Islamism with liberal reformist voices within Islam Islam An Introduction offers undergraduate students of religion and general readers a balanced sensitive and well informed overview of the world s most intensively discussed religious and cultural tradition Islam James A. Beverley, 2011 An essential introduction to the culture history and practices of the world s second largest religion Professor James A Beverley provides answers to questions many Christians have about Islam Issues include what Muslims think about God the world and their place in it how Muhammad established a religion that now stretches around the world how different groups within Islam define Jihad why Palestine is important to Muslims what roles women play in different Islamic communities and how
