Vernacular and Earthen Architecture:

Conservation and Sustainability Camilla Mileto, Fernando Vegas López-Manzanares, Lidia García-Soriano, Valentina

Cristini,2017-09-01 Vernacular architecture in general and earthen architecture in particular with their rich variety of forms worldwide are custodians of the material culture and identity of the peoples who built them In addition they are widely recognized as ancestral examples of sustainability in all their variants and interpretations and the architecture of the present ought to learn from these when designing the sustainable architecture of the future The conservation of these architectures seemingly simple yet full of wisdom is to be undertaken now given their intrinsic value and their status as genuine examples of sustainability to be learnt from and interpreted in contemporary architecture Vernacular and earthen architecture
