published in 1996 is an explosive satire that scorches our culture's monstrous men and institutions. In a claustrophobic surreal California house, teenager Est e Kraft lives with her domineering father whose obsession with insect taxonomy bleeds into sadism. As his schemes multiply, Est e's bedridden mother entranced by the glow of the shopping channel remains oblivious to the escalating chaos. Est e manages to escape her childhood home only to find new horrors awaiting her in marriage and motherhood. In a climactic twist, her traumas take form in flesh and blood: a legacy of the voracious male appetites that have haunted her life. With acerbic wit, philosophical depth, and enthralling lyricism, Omnivores cuts to the core of America's hypocrisies and anxieties and introduced Lydia Millet as one of the wildest satirists of our time. **Amazing**

Place Marianne Gingher, 2015-03-23 Some of us understand place in terms of family and community, landscape, or even the weather. For others, the idea of place becomes more distinct and particular: the sound of someone humming while washing dishes, the musical cadence of a mountain accent, the smell of a tobacco field under the hot Piedmont sun. Some of North Carolina's finest writers ruminate on the meaning of place in this collection of twenty-one original essays untangling North Carolina's influence on their work, exploring how the idea of place resonates with North Carolinians and illuminating why the state itself plays such a significant role in its own literature. Authors from every region of North Carolina are represented, from the Appalachians and the Piedmont to the Outer Banks and places in between. *Amazing Place* showcases a mix of familiar favorites and newer voices expressing in their own words how North Carolina shapes the literature of its people. Contributors include Rosecrans Baldwin, Will Blythe, Belle Boggs, Fred Chappell, Jan DeBlieu, Pamela Duncan, Clyde Edgerton, Ben Fountain, Marianne Gingher, Judy Goldman, Stephanie Elizondo Griest, Randall Kenan, Jill McCorkle, Michael McFee, Lydia Millet, Robert Morgan, Jenny Offill, Michael Parker, Bland Simpson, Lee Smith, Wells Tower, and Monique Truong. *The Little*

Encyclopedia of Mermaids Melissa Maxwell, 2024-10-01 The *Little Encyclopedia of Mermaids* is an A to Z compendium that spans the globe from the Isle of Man to the depths of the Sea of Japan, weaving together famous and popular tales of everyone's favorite mythical sea creature. Naughty and nice, real and fictional, the menagerie of creatures included in this book runs the gamut of world mythologies and cultures. This little encyclopedia features more than 90 famous mermaids, including Atargatis, a mermaid from ancient Syria who was a goddess before she fell in love with a mortal; Blue Men of the Minch, a group of riddle-loving merfolk who have the power to summon storms and capsize ships; Little Mermaid, everyone's favorite mermaid princess who gives up her voice for a chance at love; Ningyo, a gruesome sea creature from Japanese folklore that can bring dangerous storms and other misfortune. Filled with tales of star-crossed mermaids and vengeful sea gods and goddesses, this information-packed guide includes gorgeous line drawings throughout. *The Short Story in South Africa*

Rebecca Fasselt, Corinne Sandwith, 2022-03-24 This book considers the key critical interventions on short story writing in South Africa written in English since the year 2000. The short story genre, whilst often marginalised in national literary canons, has been central to the trajectory of literary history in South Africa. In recent years, the short story has undergone a

significant renaissance with new collections and young writers making a significant impact on the contemporary literary scene and subgenres such as speculative fiction erotic fiction flash fiction and queer fiction expanding rapidly in popularity This book examines the role of the short story genre in reflecting or championing new developments in South African writing and the ways in which traditional boundaries and definitions of the short story in South Africa have been reimagined in the present Drawing together a range of critical interventions including scholarly articles interviews and personal reflective pieces the volume traces some of the aesthetic and thematic continuities and discontinuities in the genre and sheds new light on questions of literary form Finally the book considers the place of the short story in twenty first century writing and interrogates the ways in which the short story form may contribute to or recast ideas of the post apartheid or post transitional The perfect guide to contemporary short story writing in South Africa this book will be essential reading for researchers of African literature
