Farm Incomes, Wealth and Agricultural Policy Filling the CAP's Core Information Gap, 4th Edition Berkeley Hill, 2012-01-01 The Common Agricultural Policy CAP has been supporting the incomes of the European Union's agricultural community for half a century. Despite this, there is still no official system in place to track the economic wellbeing of farmers and their families. This book examines the evidence on the overall wealth of farming households and concludes that in nearly all member states they are not generally a poor sector of society with disposable incomes that are similar to or exceed the national average.

Essential Concepts of Environmental Communication Pat Brereton, 2022-04-19 This book draws on a broad spectrum of environmental communications and related cross-disciplinary literature to help students and scholars grasp the interconnecting key concepts within this ever-expanding field of study. Aligning climate change and environmental learning through media and communications, particularly taking into account the post-COVID challenge of sustainability, remains one of the most important concerns within environmental communications. Addressing this challenge, *Essential Concepts for Environmental Communication* synthesises summary writings from a broad range of environmental theorists while teasing out provocative concepts and key ideas that frame this evolving multi-disciplinary field. Each entry maps out an important concept or environmental idea and illustrates how it relates more broadly across the growing field of environmental communication debates. Included in this volume is a full section dedicated to exploring what environmental communication might look like in a post-COVID setting. Offers cutting-edge analysis of the current state of environmental communications. Presents an up-to-date exploration of environmental and sustainable development models at a local and global level. Provides an in-depth exploration of key concepts across the ever-expanding environmental communications field. Examines the interaction between environmental and media communications at all levels. Provides a critical review of contemporary environmental communications literature and scholarship. With key bibliographical references and further reading included alongside the entries, this innovative and accessible volume will be of great interest to students, scholars, and practitioners alike.
