Of My Own Making Daria Burke, 2025-04-22 An award-winning business leader and speaker shares her journey of uncovering years of childhood trauma through scientific modalities like epigenetics neuroplasticity and decades of therapy Daria Burke's childhood was marked by neglect and poverty When she discovers a photograph of the car accident that she believes altered the course of her early life Burke is forced to confront the parts of her childhood she had avoided This discovery sparks a four-year immersion into neuroplasticity epigenetics the impact of adverse childhood experiences on early brain development and ultimately why some of us remain stuck in past trauma while others experience Post-Traumatic Growth She dives headfirst into an exploration of her trauma grappling with the enduring grip of the past on the present and the mind's influence over the body More than a story of personal triumph *Of My Own Making* is a soulful and scientific exploration of the power to shape one's destiny In facing the stark reality of her past Burke reminds us that every moment demands a choice and that we owe it to ourselves to re-parent our inner child and reclaim the lives we deserve Part memoir part methodology it is a fearless rallying cry inspiring us to excavate and examine the stories that define our lives Ultimately the narratives that we craft with ourselves are the only ones that matter

Change for a Penny Sue Skalicky, 2018-01-28 Our life story from this day forward doesn't have to mimic the pain of our past Men and women who are equipped and

empowered to revise the narration of past life incidents can learn to narrate a story of joy confidence and hope as life unfolds The characters that share our daily stage may add drama humor and sometimes even horror to our life stories but we don't have to be at their mercy Acknowledging the roles of others learning how to draw healthy boundaries and knowing the value and benefits of inviting these characters to play a significant role in our story can lead to living out a rich and rewarding story line Our lives are not an accident Instead we encounter incidents on a daily basis that can often be quite unexpected and unnerving But shifting our paradigm about these happenings from accidental to incidental can open our hearts and minds to great opportunities Daily we are faced with many decisions to be a victim or live in victory Which will you choose
