**Travel and Travail** Patricia Akhimie, Bernadette Andrea, 2019-01-01 Popular English travel guides from the sixteenth and seventeenth centuries asserted that women who wandered too far afield were invariably suspicious dishonest and unchaste As the essays in Travel and Travail reveal however early modern women did travel often quite extensively with no diminution of their moral fiber Female travelers were also frequently represented on the English stage and in other creative works both as a reproach to the ban on female travel and as a reflection of historical women's travel whether intentional or not Travel and Travail conclusively refutes the notion of female travel in the early modern era as an absent presence The first part of the volume offers analyses of female travelers often recently widowed or accompanied by their husbands the practicalities of female travel and how women were thought to experience foreign places The second part turns to literature including discussions of roving women in Shakespeare Margaret Cavendish and Thomas Heywood Whether historical actors or fictional characters women figured in the wider world of the global Renaissance not simply in the hearth and home

**Curiosity and the Aesthetics of Travel-Writing, 1770-1840** Nigel Leask, 2002-01-10 The decades between 1770 and 1840 are rich in exotic accounts of the ruin strewn landscapes of Ethiopia Egypt India and Mexico Yet it is a field which has been neglected by scholars and which unjustifiably remains outside the literary canon In this pioneering book Nigel Leask studies the Romantic obsession with these antique lands drawing generously on a wide range of eighteenth and nineteenth century travel books as well as on recent scholarship in literature history geography and anthropology Viewing the texts primarily as literary works rather than transparent adventure stories or documentary sources he sets out to challenge the tendency in modern academic work to overemphasize the authoritative character of colonial discourse Instead he addresses the relationship between narrative aesthetics and colonialism through the unstable discourse of antiquarianism exploring the effects of problems of credit worthiness and the nebulous epistemological claims of curiosity a leitmotif of the accounts studied here on the contemporary status of travel writing Attentive to the often divergent idioms of elite and popular exoticism Curiosity and the Aesthetics of Travel Writing plots the transformation of the travelogue through the period as the baroque particularism of curiosity was challenged by picturesque aesthetics systematic geographical narrative and the emergence of a transcendental self axiomatic to Romantic culture In so doing it offers an important reformulation of the relations between literature aesthetics and empire in the late Enlightenment and Romantic periods

**In the House of My Pilgrimage** Donald Sheehan, 2023-09-19 Don Sheehan's early life plagued by his father's alcoholic violence was at the same time blessed by the good stories this intelligent man read aloud to his children In his teens unhappy in school Don joined a street gang and then the Army Reserves where he found he had renounced violence On his eighteenth birthday happening upon his post library he walked straight to a book of Japanese poems It went in turn straight to his heart for eight hours He'd come home at last The house of Don's pilgrimage encompasses a wide territory spiritual lyric scholarly usually all at once At our best what we can take from engaging these essays is a way of falling into the heart to embrace suffer and in Christ transfigure the world's ruining oppositions In doing so we fulfill what St Maximus the Confessor saw as our human calling to unify the polarities embedded in God's creation and thus make not only ourselves but all Creation whole
