China Miéville Tony Venezia, Sherryl Vint, Raphael Zähringer, Dougal McNeill, Joe Sutcliffe Sanders, Paul March-Russell, Ben De Bruyn, Matthew Sangster, Anthony F. Lang, Jr., Mark P. Williams, Roger Luckhurst, 2015-12-01. The chapters in this collection respond to the range of interests that have shaped Miéville's fiction from his influential role in contemporary genre debates to his ability to pose serious philosophical questions about state control, revolutionary struggle, regimes of apartheid, and the function of international law in a globalized world. This collection demonstrates how Miéville's fictions offer a striking example of contemporary literature's ability to imagine alternatives to neoliberal capitalism at a time of crisis for leftist ideas within the political realm.

Lying, Truth-telling, and Storytelling in Children's and Young Adult Literature Anita Tarr, 2023-12-20. Even though we instruct our children not to lie, the truth is that lying is a fundamental part of children's development, socially, cognitively, emotionally, morally. Lying can sometimes be more compassionate than telling the truth, even more ethical. Reading specific children's books can instruct child readers how to be guided by an etiquette of lying, to know when to tell the truth and when to lie. Equally important, these stories can help prevent them from being prey to those liars who are intent on taking advantage of them. Becoming a critical reader requires that one learn how to lie judiciously as well as to see through others' lies. When humans first began to speak, we began to lie. When we began to lie, we started telling stories. This is the paradox that in order to tell truthful stories, we must be good liars. Novels about child artists showcased here illustrate how the protagonist embraces this paradox, accepting the stigma that a

writer is a liar who tells the truth Emily Dickinson s phrase tell it slant best expresses the vision of how writers for children and young adults negotiate the conundrum of both protecting child readers and teaching them to protect themselves This volume explores the pervasiveness of lying as well as the necessity for lying in our society the origins of lying as connected to language acquisition the realization that storytelling is both lying and truth-telling and the negotiations child artists must process in order to grasp the paradox that to become storytellers they must become expert liars and lie detectors

Stevens, Gauthier Chapelle, 2020-11-18 The critical situation in which our planet finds itself is no longer in doubt Some things are already collapsing while others are beginning to do so increasing the possibility of a global catastrophe that would mean the end of the world as we know it As individuals we are faced with a daily deluge of bad news about the worsening situation preparing ourselves to live with years of deep uncertainty about the future of the planet and the species that inhabit it including our own How can we cope How can we project ourselves beyond the present think bigger and find ways not just to survive the collapse but to live it In this book the sequel to How Everything Can Collapse the authors show that a change of course necessarily requires an inner journey and a radical rethinking of our vision of the world Together these might enable us to remain standing during the coming storm to develop a new awareness of ourselves and of the world and to imagine new ways of living in it Perhaps then it will be possible to regenerate life from the ruins creating new alliances in differing directions with ourselves and our inner nature between humans with other living beings and with the earth on which we dwell Images of the Anthropocene in Speculative Fiction Tereza Dedinová, Weronika Laszkiewicz, Sylwia

Apocalypse and the role of post apocalyptic narratives To explore these topics our authors examine the works of Patricia Briggs M R Carey Dmitry Glukhovsky Ursula K Le Guin N K Jemisin Stephenie Meyer China Mi ville James Patterson Maggie Stiefvater J R R Tolkien and Scott Westfield Their essays demonstrate that speculative fiction given its ability to pursue scenarios of alternative history and present familiar things in an unfamiliar way can alter the readers perception of their duties and responsibilities towards their communities and the world so that the threat of human wrought destruction might ultimately be averted
