Father Nature Mother Time:

Father Nature, Mother Time Don Famularo, 2015-01-26 *Father Nature* James K. Rilling, 2024-10-01 How and why human males evolved the capacity to be highly involved caregivers and why some are more involved than others We all know the importance of mothers They are typically as paramount in the wild as they are in human relationships But what about fathers In most mammals including our closest living primate relatives fathers have little to no involvement in raising their offspring and sometimes even kill the offspring sired by other fathers How then can we explain modern fathers having the capacity to be highly engaged parents In *Father Nature* James Rilling explores how humans have evolved to endow modern fathers with this potential and considers why this capacity evolved in humans Paternal caregiving is advantageous to children and by extension to society at large yet variable both across and within human societies Rilling considers how to explain this variability and what social and policy changes might be implemented to increase positive paternal involvement Along the way *Father Nature* also covers the impact fathers have on children's development the evolution of paternal caregiving how natural selection adapted male physiology for caregiving and finally what lessons an expecting father can take away from the book as well as what benefits they themselves get from raising children including increased longevity and younger brains A beautifully written book by a father himself *Father Nature* is a much needed and deeply rewarding look at the science behind good paternal behavior in humans

There Ends 101 Poems from my Lithuanian Soul that Seek to be Sung Steve Rincavage, 2009-11-21 Poems are a window to your soul They are a checkpoint to see if you have any senses left This book completes the trilogy and the rest is history During the course of 2008 and 2009 cycles of change were all about I examined the past present and future and I believe I have created a new stir Time and space love and gravity converged and this book of poems emerged Enjoy The Schmooney Trilogy Bob Shumaker, 2022-06-16 Have you ever had that odd feeling something was about to happen and it did Some people call that a gift Austin Cook has that gift He doesn't understand it and has tried to ignore it As far back as he can remember he and his family have visited his favorite uncle in Mountview a small North Carolina town surrounded by a largely unexplored forest For nature loving Austin it is an ideal place to explore the woods and learn about the forest animals that fascinate him He loves all kinds of animals and strangely they have always been drawn to him Austin has that feeling that this trip will be much different than all the others and it will He and his sister Katy will befriend a very special forest animal who has amazing powers The three using Austin's incredible gift will unlock hidden secrets that have been buried for centuries But there are treacherous people who want to keep those secrets hidden Austin and Katy are vulnerable children visiting a deep and dangerous forest and they will need to use all their powers and friendships to defend themselves if they are going to survive The Legend of D'Woof-Ta, the Little White Wolf Clifton E. Stine, 2016-12-09 In the beginning of time all the free people roamed the fields plains and forests of the new world and grew in numbers until the lands became over crowded The animals became hungry Father Time saw the problem and one moonlit

night brought forth the Great Mother Wolf from the waters of the first spring He then charged the her to take from the free peoples the old sick and injured so that the strongest and fittest would share the gifts of the new world Soon the Mother Wolf became overwhelmed with the task that Father Time had given her She went to Father Time and begged for some helpers That night she was given four new cubs that looked just like her The animals were very unhappy and went to Mother Nature to complain that they could not rest because of all the new wolves *The Spirit of the Turquoise Necklace* Bob

Shumaker,2005-05-11 all have gifts that we are born with Well my gift is the ability to communicate with animals In Book One of the Schmooney Trilogies TheSecret of the Enchanted Forest Austin Cook discovered his special gift while visiting Mountview the beautiful town where his Uncle Steve lives It is now several months later and he returns to Mountview for the summer hoping to learn more about his gift and more about the legend of the Schmooney a magical creature purported to live deep in the forest He must also decipher the message of the beautiful Indian princess who has appeared to him in a dream begging for his help But first Austin is on a frantic quest to locate the source of the mysterious and deadly pollution in a local lake When the frightening answer is revealed finds himself locked in a battle with an evil land developer who wants to bury his devastating secret at any cost a secret which could create an environmental disaster for all of the residents of Mountview Come along on the adventure of a lifetime in this second book of The Schmooney Trilogies Austin Katie Uncle Steve and Amy must race against the clock to prevent DeWitt Pickett from enacting his sinister plan Will learn more about his special Will he finally discover the secret of the legend of the Schmooney The adventure continues [Damn English!](#)
