Choosing Sanity Mj Sawyer, 2008-12 The National Institute of Mental Health has estimated that 44 million adults in America suffer from mental illness in a given year. I used to be one of them. I was told I always would be. I was thoroughly misinformed. MJ Sawyer's *Choosing Sanity: An Unprecedented Guide to Healing Brain Chemistry Disorders* provides hope and solutions for those diagnosed with mental illness who have not found relief from or are unable to tolerate psychotropic drugs. The principles of healing contained in this book have been effectively applied in clearing bipolar disorder, panic disorder, OCD and depression and in relieving symptoms of ADHD, ADD and autism. *Choosing Sanity* is also a valuable guide for those who work as healers, doctors, therapists or advocates and for those who have loved ones who are considered mentally ill. MJ Sawyer's relentless thirty-six year battle with treatment-resistant rapid cycling bipolar disorder inspired her to use her body as a laboratory to find solutions for balancing her brain chemistry without the use of medications. This achievement combined with years of experience as a private practitioner and workshop instructor has led to MJ's high acclaim as an expert in transmuting and alleviating symptoms of mental disorders. MJ is considered a pioneer in the area of realigning brain chemistry imbalances through the use of sound and energy infusions. She is the owner and director of Balancing Brain Chemistry LLC, a company based in New York City that successfully provides transformative services and products that assist individuals in enhancing brain function, conquering disease and finding joy. MJ has authored a memoir, *That Place Called Sane*, and is a contributing author in *101 Great Ways to Improve Your Health*.
