### **Finding Tir Na Nog Paperback:**

**Into the Shee** Maura Madigan Kennedy, 2002-06-20 Written in magic realism this novel finds Sheila O'Connor an Irish American woman experiencing mysterious events at an ancient hillfort in Northern Ireland. A series of coincidences include meeting a small girl within the Shee or faerymound, some faery folk, and a folklore professor who encourages her to accept an invitation to the mythical land of Tir na nOg. Overcoming her doubts and fears, she eventually voyages to this magical land and experiences wonders. Then she meets her high school sweetheart and the three companions voyage together to Tir na nOg for more wondrous surprises. After a series of Rememberings, Sheila recalls her childhood and marriage and receives insight into her life. The fascinating setting at Emain Macha or Navan, home of the mythological Red Branch Kings, inspired the Navan Interpretive Center in Armagh, visited by people from all over the world for its literary and archeological importance. *The Cooper's Wife Is Missing: The Trials Of Bridget Cleary* Joan Hoff, Marian Yates, 2008-01-06 On March 15

1895, twenty-eight-year-old Bridget Cleary, a cooper's wife, disappeared from her cottage in rural County Tipperary. Immediately, strange and lurid rumors began circulating in the neighborhood about what had happened. Some said she ran off with an egg seller; others supposed it was an aristocratic foxhunter who had taken young Bridget away. Swirling amid rumors was the barely whispered but widely held belief that Bridget had gone with no mortal man; rather, she had gone off with the fairies. The mystery deepened when seven days later her body was discovered bent, broken, and badly burned in a shallow grave. Within a few days, the unimaginable truth came to light: for almost a week before her death, Bridget had been confined, ritually starved, threatened, physically and verbally abused, exorcised, and finally burned to death by her husband, Michael Cleary, her father, and extended family, who confused bronchitis with a fairy dart. They had all become convinced that their Bridgie had been taken from them and her fairy-possessed body left behind to deceive them. In *The Cooper's Wife Is Missing*, Joan Hoff and Marian Yeates make sense of this ancient, rarely publicized ritual exorcism and explain how the incident went on to become a national and international incident. Set against a backdrop of renewed Irish nationalism, a Church crackdown on lingering pagan practices, and the ongoing British humiliation of Catholic Ireland, the authors deftly map the dislocating anxieties that beset the rural peasantry in late nineteenth-century Ireland. Bewildered and frightened by the changes occurring all around them, pulled in all directions by their politicians, priests, landlords, and English overlords, the Clearys were not alone in retreating to the relative comfort of pagan ritual. Drawing on first-hand accounts, contemporary newspaper reports, police records, trial testimony, and a rich wealth of folklore, the authors weave a mesmerizing tale that touches upon magic, madness, and mystery as it details day by day Bridget's ordeal and the resulting investigation. This is narrative history at its evocative best. It fascinates as it illuminates. **Relics of Camelot** L.H. Nicole, 2016-03-29 Making a devil's bargain with a Fae queen is a dangerous thing. Thrown back to the golden days of Camelot, Aliana needs to find the object that will lead her and the Knights of the Round Table to the Grail of Power. But Aliana, the Destined One, must also figure out and

complete a mysterious task before she can return to her own time The consequences of revealing Camelot's future to King Arthur or any member of the Round Table family could be devastating and keeping the future a secret becomes harder by the day She is forced to keep her secrets feeling more alone than ever even with the support of her new friends and allies With the unwelcome knowledge of their looming deaths will she be able to resist the temptation to save the people she loves While she is trying to figure out her purpose for being sent to the past the attentions of Sir Galahad and King Arthur continue to be a delightful yet confusing distraction Her feelings for Arthur even this version of him who doesn't know her continue to grow The sparking sensation she'd normally felt whenever she touched Sir Galahad is mysteriously missing but she can't deny a continued connection with the protective knight Weapons powerful enough to destroy even Excalibur surface along with a shadowy figure that even seems to have influence over Mordrid The time of the eclipse grows ever closer and everything Aliana thought she knew will once again be tossed into question as she continues on her legendary quest *The Everything*
