Revisiting Moroccan Migrations Mohammed Berriane, Hein De Haas, Katharina Natter, 2018-02-02 Over the 20th century Morocco has become one of the world s major emigration countries But since 2000 growing immigration and settlement of migrants from sub Saharan Africa the Middle East and Europe confronts Morocco with an entirely new set of social cultural political and legal issues This book explores how continued emigration and increasing immigration is transforming contemporary Moroccan society with a particular emphasis on the way the Moroccan state is dealing with shifting migratory realities The authors of this collective volume embark on a dialogue between theory and empirical research showcasing how contemporary migration theories help understanding recent trends in Moroccan migration and vice versa how the specific Moroccan case enriches migration theory This

perspective helps to overcome the still predominant Western centric research view that artificially divide the world into receiving and sending countries and largely disregards the dynamics of and experiences with migration in countries in the Global South This book was previously published as a special issue of The Journal of North African Studies **The Languages and Linguistics of Europe** Bernd Kortmann,Johan van der Auwera,2011-07-27 Open publicationThe Languages and Linguistics of Europe A Comprehensive Guide is part of the multi volume reference work on the languages and linguistics of the continents of the world The book supplies profiles of the language families of Europe including the sign languages It also discusses the areal typology paying attention to the Standard Average European Balkan Baltic and Mediterranean convergence areas Separate chapters deal with the old and new minority languages and with non standard varieties A major focus is language politics and policies including discussions of the special status of English the relation between language and the church language and the school and standardization The history of European linguistics is another focus as is the history of multilingual European empires and their dissolution The volume is especially geared towards a graduate and advanced undergraduate readership It has been designed such that it can be used as a whole or in parts as a textbook the first of its kind for graduate programmes with a focus on the linguistic and linguistics landscape of Europe
