Cultural Christianity Andrew McKinney, 2023-05-03 There is a messy secret within the Western evangelical church and it is starting to get out We're not who we think we are and it is becoming painfully obvious to the rest of the world around us The secret We have abandoned the preaching of the true gospel and as a result admitted thousands of people into our local assemblies who are lost and dead in their sin This has landed the evangelical church in utter ruin and devastation Rather than hearing the cross and the gospel of Christ proclaimed in our churches we now hear the relative gospel a gospel of ceremonial works that cannot save anyone And we are facing judgment because of this Scandals wreck whole denominations Sin plagues our congregations and pulpits People remain dead in their sin and the testimony of Christ suffers shame The church is now almost indistinguishable from the secular culture that we are called to reach We have wholly embraced cultural Christianity It is time to face the ugly truth in the mirror and return to the preaching of the true biblical gospel as revealed in Holy Scripture We must return to preaching the fundamental truths of God's Word God is holy in His righteousness Man is dead in his sin and incapable of saving himself Hell awaits any who would dare to trust in anything other than Christ to save them for He alone is our atonement and propitiation Trusting in His death and resurrection is the only means of salvation from sin and hell We must call people to repent of their sin submit to Jesus as Lord trust in Him alone and follow Him It is time to condemn the relative gospel in all of its forms for what it is a false gospel Salvation is not found in a ceremonial ritual politician political party or ideology It is found in Christ alone We must repent turn back to the Bible preach it unashamedly and trust God alone to save It is time to condemn cultural Christianity

Cultural Christians in the Early Church Nadya Williams, 2023-11-14 In the middle of the third century CE one North African bishop wrote a treatise for the women of his church exhorting them to resist such culturally normalized yet immodest behaviors in their cosmopolitan Roman city as mixed public bathing in the nude and wearing excessive amounts of jewelry and makeup The treatise appears even more striking once we realize that the scandalous virgins to whom it was addressed were single women who had dedicated their virginity to Christ Stories like this one challenge the general assumption among Christians today that the earliest Christians were zealous converts who were much more counterculturally devoted to their faith than typical churchgoers today Too often Christians today think of cultural Christianity as a modern concept and one most likely to occur in areas where Christianity is the majority culture such as the American Bible Belt The story that this book presents refutes both of these assumptions Cultural Christians in the Early Church which aims to be both historical and

practical argues that cultural Christians were the rule rather than the exception in the early church Using different categories of sins as its organizing principle the book considers the challenge of culture to the earliest converts to Christianity as they struggled to live on mission in the Greco Roman cultural milieu of the Roman Empire These believers blurred and pushed the boundaries of what it meant to be a saint or sinner from the first to the fifth centuries CE and their stories provide the opportunity to get to know the regular people in the early churches At the same time their stories provide a fresh perspective for considering the difficult timeless questions that stubbornly persist in our own world and churches when is it a sin to eat or not eat a particular food Are women inherently more sinful than men And why is Christian nationalism a problem and at times a sin Ultimately recognizing that cultural sins were always a part of the story of the church and its people is a message that is both a source of comfort and a call to action in our pursuit of sanctification today

A Scandalous Freedom Steve Brown,2009-11-24 A reader s delight A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom but it follows up with compelling validations of our need to celebrate real unstinted freedom in Christ Christians do not trust freedom As author Steve Brown explains in this brave new book they prefer the security of rules and self imposed boundaries which they tend to inflict on other Christians Brown asserts that real freedom means the freedom to be wrong as well as right Christianity often calls us to live beyond the boundaries bolstered by the assurance that we cannot fall beyond God s love Freedom is dangerous but the alternative is worse boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ Each of the book s eleven chapters explores a common pharisaic freedom stifling tendency then opens the door to the fresh air of a remedial liberty Sino-Christian Studies in China YANG

Pitfalls of Trained Incapacity Birgit Herppich,2016-01-15 The need to train Christian missionaries was an afterthought of the Protestant missionary movement in the early nineteenth century The Basel Missionary Training Institute BMTI was the first school designed solely for the purpose of preparing European missionaries for ministry in non European lands Pitfalls of Trained Incapacity explores the various sociological and historical factors that influenced the BMTI community of practice and how the outcomes affected the work of the Basel Mission in Ghana in its initial phase It shows that the integral training of the BMTI resulted in missionary practices that lacked flexibility to adjust attitudes and behavior to the vastly different circumstances in Africa impeded the realization of mission objectives and hindered the emergence of an African appropriation of Christianity By exploring educational and sociological perspectives in a precolonial context this study reaches beyond its historical significance to raise questions of unintended effects of integral ministry training in other times and places The natural cultural bias of groups with shared theological assumptions and social ideals like the Basel Mission suggests a strong propensity for trained incapacity that is for training processes that establish inflexible mental frameworks that are potentially detrimental to intercultural engagement
