

2. (a) A chain store has five branches, each retailing 1000 standard items. Every week, the branch manager has to supply the following information about sales:

Item number (in the range 1 to 1000),

Number sold,

Number delivered to the branch.

(Nil returns on items are not required.)

The information is punched onto cards, together with another field giving the branch number (in the range 1 to 5). All cards are batched with a last card containing a branch number 0.

The stock levels for each branch are held in a (5×1000) array called STOCK and there is a corresponding array, REORDER, containing the stock level at which a branch should re-order an item.

Draw a flowchart to read the data, update the array STOCK and print the branch number and item number for those items requiring re-ordering. (6)

(b) Another company, having 500 branches, wants to use this system and decides that the arrays will have to be held on magnetic tape.

Explain how you would organise the two arrays and draw a flowchart to show how you would carry out the processing in this case. (14)

3. Name a programming language in each of the following categories and outline, with examples, the facilities available for arithmetic, decisions, looping and data description.

(a) scientific, (7)

(b) business orientated, (7)

(c) assembly code. (6)

In each case, state which of the facilities is most characteristic of the language and why.

4. In the development of a program, explain the importance of

(a) program segmentation, (6)

(b) flowcharts, (4)

(c) compiler diagnostic messages, (4)

(d) post-mortem and trace facilities. (6)

Assessing and Improving Your Teaching Phyllis Blumberg, 2013-09-06. In order to make appropriate changes to improve your teaching and your students' learning, first you need to know how you're teaching now. Figure it out for yourself and invigorate your teaching on your own terms. This practical evidence based guide promotes excellence in teaching and improved student learning through self reflection and self assessment of one's teaching. Phyllis Blumberg starts by reviewing the current approaches to instructor evaluation and describes their inadequacies. She then presents a new model of assessing teaching that builds upon a broader base of evidence and sources of support. This new model leads to self assessment rubrics which are available for download and the book will guide you in how to use them. The book includes case studies of completed critical reflection rubrics from a variety of disciplines including the performing and visual arts and the hard sciences to show how they can be used in different ways and how to explore the richness of the data you'll uncover.

The Online Tutor's Toolkit Molly

Bolding, 2022-10-12 This book contains everything you need to know to get started as an online tutor. It covers the essentials of tutoring: choosing your tech and software, managing homework, and getting set up, alongside detailed guidance focusing on each level of tuition. With techniques developed through research and first-hand experience, the author explains exactly how to turn existing subject knowledge into effective tutoring for students of all ages in a variety of subjects. Divided into two parts, the first answers the logistical questions facing every new tutor, such as: what equipment do I need? Where can I apply? How much should I charge? The second half focuses on how to tutor different age groups effectively and subject-specific areas, including English, Maths, and Science, as well as the author's tried and tested 5-step process for choosing a subject, assessing a student, and planning their first lessons. There is also information on how to support students writing personal statements and applying to university, as well as teaching English as a Second Language. Alongside tailored up-to-date information on available software, hardware, exam specifications, and the online tutoring marketplace, the book contains a 10-week timetable of adaptable lesson plans so new tutors can get started immediately. Finally, there are two additional downloadable chapters which expand on less common subjects and another which includes a digital download of every resource from the book. With suggestions for resources, homework, and timings to support you at every stage, this is an essential read for anyone wanting to succeed as an online tutor.
