**The New Girl** Sally Mitchell, 1995 In the 1930s a band of smart and able young men some still in their twenties helped Franklin D Roosevelt transform an American nation in crisis They were the junior officers of the New Deal Thomas G Corcoran Benjamin V Cohen William O Douglas Abe Fortas and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson s Great Society and the Vietnam War debacle Michael Janeway grew up inside this world His father Eliot Janeway business editor of Time and a star writer for Fortune and Life magazines was part of this circle strategizing and practicing politics as well as reporting on these men Drawing on his intimate knowledge of events and previously unavailable private letters and other documents Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build the contemporary American state Since that time efforts to reinvent government by brains trust have largely failed in the U S In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting rooted in a consensus of belief in the efficacy of modern government Can a progressive coalition of ideas and power come together again The Fall of the House of Roosevelt makes such a prospect both alluring and daunting

Garcia,2021-12-29 In this memoir the author looks back to how even as she grew up thinking and speaking Cebuano a major language in the Philippines she somehow found her first literary voice in the poems she wrote in English the language of instruction in the educational system she attended She traces how her poetic self expression in English soon evolved into writing personal essays through high school and college and how this progressed into writing academic articles to keep her teaching position at a university in the Philippines She then narrates how her academic writing background incalculably facilitated her career as a government researcher and college instructor during more than 3 decades of her 43 year permanent residency in Canada Interweaving the stories of her writing experience with recollections of family and work life in the Philippines and Canada she draws her journey to a full circle with her once again writing literary pieces and putting them together in the three memoirs she had self published since 2019
