Intriguing analysis Publishers Weekly An eminent historian Kirkus Reviews **ESG Management of the Development of the Green Economy in Central Asia** Elena G. Popkova, Bruno S. Sergi, 2023-11-18 This book proposes digitalization as a promising direction for green growth and sustainable development of the economy of Central Asia It reveals the advanced and unique hands on and case based experience of Central Asia in ESG management with the involvement of digital technologies and provides practical recommendations on the extension of the use of digital technologies in ESG management of the development of the green economy in Central Asia **Tajikistan in the New Central Asia** Lena Jonson, 2006-08-25 Central Asia has become the battleground for the major struggles of the 21st century radical Islam versus secularism authoritarianism versus identity politics Eastern versus Western control of resources and the American War on Terror Nowhere are these conflicts more starkly illustrated than in the case of Tajikistan Embedded in the oil rich Central Asian region and bordering war torn Afghanistan Tajikistan occupies a geo strategically pivotal position It is also a major transit hub for the smuggling of opium which eventually ends up in the hands of heroin dealers in Western cities In this timely book Lena Jonson examines Tajikistan s search for a foreign policy in the post 9 11 environment She shows the internal contradictions of a country in every sense at the crossroads reconciling its bloody past with an uncertain future She assesses the impact of regional developments on the reform movement in Tajikistan and in turn examines how changes in Tajik society which is the only Central Asian country to have a legal Islamist party might affect the region The destiny of Tajikistan is intimately connected with that of Central Asia and this thorough and penetrating book is essential reading for anyone seeking to make sense of this complex and important region **Central Asia Meets the Middle East** David Menashri, 2013-11-05 The emergence of Muslim republics has been part of a larger transformation experienced by the Middle East in the 1990s The main purpose of this volume is to examine the impact of the transformation on the Middle East especially Turkey and Iran **Muslim Culture in Russia and Central Asia from the 18th to the Early 20th Centuries** Klaus Klier, 2021-10-11 No detailed description available for Muslim Culture in Russia and Central Asia from the 18th to the Early 20th Centuries **A Concise History of Afghanistan-Central Asia and India in 25 Volumes** HAMID ALIKUZAI, 2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current

level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high
