

## The Cold War Heats Up

1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space weapons and launch them?	That U.S. suspend the prohibition of launching nuclear weapons.	Not really.
2. Would anyone benefit from the launch and deployment of such weapons?	They would certainly produce advantages that were worth the costs of building, launching, and maintaining them.	Only if they were better in some fundamental way than the U.S. weapons that John F. Kennedy had ordered destroyed. Planned attacks on Soviet cities would be avoided at all times.
3. Would anyone disagree with this?	No disagreement.	Some might disagree with the prohibition on the launching.
4. Would the two nations agree to launch and deploy weapons?	Yes, the governments had agreed to launch and deploy weapons.	Yes, because people were convinced they would not take advantage of the others.

2. Suppose the agreement simply set up the weapons, without

other (other) provisions such as below:

1. No launch of nuclear weapons from space.

2. No launch of nuclear weapons from the ground.

3. No launch of nuclear weapons from the air.
