and Israel cannot sit idly by and let Iran achieve its desire for nuclear weapons and why stabilization in Iraq now would sound defeat rather than victory The Final Move Beyond Iraq is a wake up call to mobilize millions to action America is fighting for its life in the first war of the twenty first century     *The Iraq War* Thomas R. Mockaitis,2012-08-16 Ideal for general readers as well as professionals conducting extensive research this informative book offers a collection of documents on the origins and conduct of the Iraq War The Iraq War A Documentary and Reference Guide gives readers the opportunity to investigate this costly and controversial conflict as professional researchers do by looking closely at key samples of historical evidence As readers will see that evidence proves to be extraordinarily revealing about the drive to war the course of the initial invasion the counterinsurgency the surge and the continuing difficulties in unifying and stabilizing the country From relevant exchanges in the 2000 Bush Gore debates to interviews with Saddam Hussein to the latest reorganization of the Coalition Provisional Authority The Iraq War gives readers an insider s view of the conflict s key decisions and events Each chapter brings together primary and secondary sources on an important phase of the war with the author providing context analysis and insight from a historian s perspective The book also provides a solid framework for working with the documentary record a particularly difficult task in this case as so many vital sources will remain classified and inaccessible for years to come     *The New International Policing* B. Greener,2009-03-12 Police personnel have increasingly been deployed outside their own domestic jurisdictions to uphold law and order and to help rebuild states This book explores the phenomenon of a new international policing and outlines the range of challenges and opportunities it presents to both practitioners and theorists     **The Confidante** Glenn Kessler,2007-09-04 In his riveting glimpse into the life of one of the most powerful Secretaries of State in recent years Washington Post diplomatic correspondent Glenn Kessler provides not only a revealing look at Condoleezza Rice but a rich portrait of the Bush administration s controversial foreign policy regime From her grievous errors in judgment as national security advisor to her notable influence over the president as Secretary of State Rice has not gone unnoticed during her rise to power But as an intensely private person she has despite endless media attention remained a mystery As the first critical examination of Rice s skills as policy maker politician and manager this definitive biography explains not only her rise to power but the pivotal role she has played in our nation s history Full of candor as well as honesty The Confidante shows unseen moments in Rice s life and of her frequently divisive performance during one of the most tumultuous foreign policy periods in U S history Drawing on personal interviews with Rice an intimacy afforded to Kessler as one of the few reporters granted the opportunity to travel with her Kessler takes readers inside the secret meetings Rice has held with foreign leaders and even her private conversations with President Bush With access to all of Rice s top aides and sources in many overseas governments Kessler also provides dramatic new information about one of the most secretive administrations in U S history He shows how Rice molded herself into the image of a globe trotting diplomatic super star negating memories of her past failures He exposes new details about her secret role in Israel s

withdrawal from Gaza her maneuvers around government bureaucracy to strike a pivotal nuclear energy deal with India her persuasion of Bush to support a dramatic gesture to Iran her failure to prevent the North Korean nuclear test and her struggle to contain the devastating war between Israel and Lebanon This brilliantly written book reveals not only her public and private humiliation of foreign officials but also how her charm and grace have been successful assets in repairing fractured relations overseas Condoleezza Rice remains today and in the future one of the most alluring controversial and ultimately influential decision makers in the United States With this captivating work Kessler shows what traits could solidify her shot at greatness or what cracks in her hard veneer could send her career hurtling to ruin *Courage and Consequence* Karl Rove, 2010-04-03 From the moment he set foot on it Karl Rove has rocked America's political stage He ran the national College Republicans at twenty two and turned a Texas dominated by Democrats into a bastion for Republicans He launched George W Bush to national renown by unseating a popular Democratic governor and then orchestrated a GOP White House win at a time when voters had little reason to throw out the incumbent party For engineering victory after unlikely victory Rove became known as the Architect Because of his success Rove has been attacked his entire career accused of everything from campaign chicanery to ideological divisiveness In this frank memoir Rove responds to critics passionately articulates his political philosophy and defends the choices he made on the campaign trail and in the White House He addresses controversies head on from his role in the contest between Bush and Senator John McCain in South Carolina to the charges that Bush misled the nation on Iraq In the course of putting the record straight Rove takes on Democratic leaders who acted cynically or deviously behind closed doors and even Republicans who lacked backbone at crucial moments *Courage and Consequence* is also the first intimate account from the highest level at the White House of one of the most headline making presidencies of the modern age Rove takes readers behind the scenes of the bitterly contested 2000 presidential contest of tense moments aboard Air Force One on 9 11 of the decision to go to war in Afghanistan and Iraq of the hard won 2004 reelection fight and even of his painful three years fending off an indictment by Special Prosecutor Patrick Fitzgerald In the process he spells out what it takes to win elections and how to govern successfully once a candidate has won Rove is candid about his mistakes in the West Wing and in his campaigns and talks frankly about the heartbreak of his early family years But *Courage and Consequence* is ultimately about the joy of a life committed to the conservative cause a life spent in political combat and service to country no matter the costs *U.S. Conflicts in the 21st Century* Spencer C. **Securing America's Interest in Iraq** United States. Congress. Senate. Committee on Foreign Relations,2007 *On the Presidency* Thomas E. Cronin,2015-12-03 In an election year in which everyone seems to be looking for change Tom Cronin reminds us that it is important to look back at presidential precedents and pitfalls carrying forward these lessons as we look ahead in the search for the perfect president America has never had a perfect president nor are we likely to We yearn for qualities of mind character and experience that are rarely found in one person Candidates always have the flaws associated with being human Noted presidential scholar Thomas E Cronin helps us consider these realities with clarity and empathy as one who has both written about presidents and run for office himself Cronin unabashedly issues three cheers for those who run and for all their helpers and advisers who provide us choices In this election year incredible diversity and therefore sharp disagreements of ideology and values prevail Cronin puts all this in context with the history of the American presidency from George Washington to George W Bush with a special focus on what he calls the Act III presidency of JFK He takes us from the fiction of searching for the

perfect president to the facts of the presidency in the post 9 11 world Whether the next president is soldier shaman or somewhere in between Cronin gives us a glimpse of presidents future through the lens of presidents past Twice As Good Marcus Mabry,2008-02-05 Examines the life and achievements of Secretary of State Condoleezza Rice from her childhood in Alabama and Colorado to her controversial role in sending Americans to war in Iraq Reprint **The Nimrods** Roger D. Graham,2007 The Nimrods is an important new book for two reasons First it is an accurate true life story told by an A 26 navigator co pilot who flew 182 combat missions in the Vietnam War about a magnificent band of A 26 pilots and navigator co pilots who flew from 1966 to 1969 countless high intensity nighttime dive bombing missions in The Secret War in Laos Steel Tiger Barrel Roll and along the Ho Chi Minh Trail To illustrate the intensity of the dive bombing missions in the Vietnam War the writer describes in detail more than twenty separate unforgettable missions and more importantly the personalities and psychological reactions of all of the unforgettable characters who were a part of the 609th Special Operations Squadron Second the book is highly relevant to the current Wars in Iraq and Afghanistan and the Global War on Terror because it addresses the lessons learned in the Vietnam War and World War II and the Korean War and advocates that Americans and their allies apply those lessons learned to terrorism and renewed threats of nuclear war from tyrants and terrorists around the world This is a book whose time has come The views of our military veterans and their families who have endured the life threatening and life changing experiences of combat are made known to the American public and our allies Recommendations from The Iraq Study Group Report and President Bush s new Iraq strategy are reviewed and analyzed The book articulates a new way forward and a new vision that can be embraced by the entire world and contrasts the vision of America and its allies with the vision of Osama bin Laden and the radical Islamic terrorists who threaten the security of the entire world **Rebuilding War-Torn States** Graciana del Castillo,2008-09-25 With public attention increasingly focused on efforts to reconstruct war torn countries like Iraq and Afghanistan this book looks at the unique set of challenges faced by such countries in the transition to peace Strategies to promote peace building state building and economic reconstruction are discussed alongside real world examples *Fix This War!* ,
