Pollard,Carol B. Duncan,2016-04-29 The Black Church Studies Reader addresses the depth and breadth of Black theological studies from Biblical studies and ethics to homiletics and pastoral care The book examines salient themes of social and religious significance such as gender sexuality race social class health care and public policy While the volume centers around African American experiences and studies it also attends to broader African continental and Diasporan religious contexts The contributors reflect an interdisciplinary blend of Black Church Studies scholars and practitioners from across the country The text seeks to address the following fundamental questions What constitutes Black Church Studies as a discipline or field of study What is the significance of Black Church Studies for theological education What is the relationship between Black Church Studies and the broader academic study of Black religions What is the relationship between Black Church Studies and local congregations as well as other faith based entities The book s search for the answers to these questions is compelling and illuminating *The Care Effect* David Crosby,2016-05-09 Amazing things happen when individuals and a church corporately begin to minister to their neighbor with intentionality consistency and passion The Care Effect beautifully demonstrates how love of neighbor the Great Commandment is essential to gospel proclamation not incidental to it Walk the streets of New Orleans with a body of believers as they show love to neighbor Be inspired to find a way to let your deeds of love be united with words of truth so you too manifest the gospel to your neighbor **Kate Chopin in New Orleans** PhD, Rosary O'Neill,PhD, Rory O'Neill Schmitt,2024-04-15 Authors Rory O Neill Schmitt and Rosary O Neill share the NOLA life of Kate Chopin the first great American woman novelist In this epic story Chopin becomes a Phoenix rising amidst the disgrace death and abandonment in the romantic desperate setting of post Civil War Louisiana This book a follow up to Edgar Degas in New Orleans presents Chopin who lived in the same neighborhood as the Degas family during that time Chopin celebrated in New Orleans great homes and mansions up River Road with their wonderland of oaks columns balconies She had lived in the Garden District watched New Orleans trolleys with their big windows roll past the Gothic mansions and Greco Roman houses on St Charles Avenue strolled languidly through Audubon Park with its oak tree wonderland full of swamps and lush Louisiana foliage **Marginality in the Urban Center** Peary Brug,Zachary S. Ritter,Kenneth R. Roth,2018-12-22 This book examines the increasing marginalization of and response by people living in urban areas throughout the Western Hemisphere and both the local and global implications of continued colonial racial hierarchies and the often dire consequences they have for people perceived as different However in the aftermath of recent

U S elections whiteness also seems to embody strictures on religion ethnicity country of origin and almost any other personal characteristic deemed suspect at the moment For that reason gender race and even class collectively may not be sufficient units of analysis to study the marginalizing mechanisms of the urban center The authors interrogate the social and institutional structures that facilitate the disenfranchisement or downward trajectory of groups and their potential or subsequent lack of access to mainstream rewards The book also seeks to highlight examples where marginalized groups have found ways to assert their equality No recent texts have attempted to connect the mechanisms of marginality across geographical and political boundaries within the Western Hemisphere

Another Throat Ryan Sharp,2024-10-25 The early twenty first century has seen a sharp rise in Black US poets employing the mask of persona often including and interrogating archival materials as they do so While some have observed this rise and noted its connection to historical figures Ryan Sharp explores it more deeply as a project based historical and poetic practice Sharp examines its sustained use of historical persona and capacity for conjuring Black speakers as a countermeasure against the archival silencing and misrepresentation of Black voices and histories a tactic he theorizes as poetic fabulation through the poetry of Elizabeth Alexander Cornelius Eady Adrian Matejka Patricia Smith Natasha Trethewey and Frank X Walker This poetic practice is not only about looking back but about critically and creatively re imagining the past to expand the possibilities for Black presents and futures Through his argument Sharp demonstrates how the unique aesthetic and rhetorical license afforded to poetry along with the interiority of persona empowers such historically minded projects to be concurrently invested in the curation of Black narratives and identities

One Heart at a Time Kitty Arceneaux,2006-08 The author s inspirational text will help readers unveil their natural side and their faith in God

Prayers for the People Rebecca Louise Carter,2019-07-05 Grieve well and you grow stronger Anthropologist Rebecca Louise Carter heard this wisdom over and over while living in post Katrina New Orleans where everyday violence disproportionately affects Black communities What does it mean to grieve well How does mourning strengthen survivors in the face of ongoing threats to Black life Inspired by ministers and guided by grieving mothers who hold birthday parties for their deceased sons Prayers for the People traces the emergence of a powerful new African American religious ideal at the intersection of urban life death and social and spiritual change Carter frames this sensitive ethnography within the complex history of structural violence in America from the legacies of slavery to free but unequal citizenship from mass incarceration and overpolicing to social abandonment and the unequal distribution of goods and services And yet Carter offers a vision of restorative kinship by which communities of faith work against the denial of Black personhood as well as the violent severing of social and familial bonds A timely directive for human relations during a contentious time in America s history Prayers for the People is also a hopeful vision of what an inclusive nonviolent and just urban society could be

The Future War of the Church Chuck D. Pierce,Rebecca Wagner Sytsema,2007-09-04 In The Future War of the Church Chuck Pierce and Rebecca Wagner Sytsema shared a vision from God

They showed lay people intercessors and church leaders how to advance God's Kingdom and use worship prayer and spiritual warfare to overcome the lawlessness and violence in our society and the world during the current 7 year season of war from 2001 2008 Readers will not want to miss this revised and updated edition with a brief historical background at the beginning of each chapter which offers an update on the prophetic words from 2001 and what came to pass The authors urge readers to press on as the Lord is still calling His people to come against works of darkness with boldness and power from on high No demonic force including lawlessness will be able to stand against a fully functioning Body of Christ Operating properly in the gifts will lead us back to love where we can work together according to the heart of God *Origins* ,2007
