Making Literature Now Amy Hungerford, 2016-08-03 How does new writing emerge and find readers today Why does one writer's work become famous while another's remains invisible Making Literature Now tells the stories of the creators editors readers and critics who make their living by making literature itself come alive The book shows how various conditions including gender education business dynamics social networks money and the forces of literary tradition affect the things we can choose or refuse to read Amy Hungerford focuses her discussion on literary bestsellers as well as little known traditional and digital literature from smaller presses such as McSweeney's She deftly matches the particular human stories of the makers with the impersonal structures through which literary reputation is made Ranging from fine grained ethnography to polemical argument this book transforms our sense of how and why new literature appears and disappears in contemporary American culture **McSweeney's** Dave Eggers, 2014 *Monstrous Imaginaries* Maaheen

Ahmed, 2019-11-29 Monsters seem inevitably linked to humans and not always as mere opposites Maaheen Ahmed examines good monsters in comics to show how Romantic themes from the eighteenth and the nineteenth centuries persist in today's popular culture Comics monsters questioning the distinction between human and monster self and other are valuable conduits of Romantic inclinations Engaging with Romanticism and the many monsters created by Romantic writers and artists such as Mary Shelley Victor Hugo and Goya Ahmed maps the heritage functions and effects of monsters in contemporary comics and graphic novels She highlights the persistence of recurrent Romantic features through monstrous protagonists in English and French language comics and draws out their implications Aspects covered include the dark Romantic predilection for ruins and the sordid the solitary protagonist and his quest nostalgia the prominence of the spectacle as well as excessive emotions and above all the monster's ambiguity and rebelliousness Ahmed highlights each Romantic theme through close readings of well known but often overlooked comics including Enki Bilal's *Monstre* tetralogy Jim O Barr's *The Crow* and Emil Ferris's *My Favorite Thing Is Monsters* as well as the iconic comics series Alan Moore's *Swamp Thing* and Mike Mignola's *Hellboy* In blurring the otherness of the monster these protagonists retain the exaggeration and uncontrollability of all monsters while incorporating Romantic characteristics The Best American

The Contemporary Small Press

Georgina Colby, Kaja Marczewska, Leigh Wilson, 2021-01-04 *The Contemporary Small Press Making Publishing Visible* addresses the contemporary literary small press in the US and UK from the perspective of a range of disciplines. Covering numerous aspects of small press publishing, poetry and fiction, children's publishing, the importance of ethical commitments, the relation to the mainstream, the attitudes of those working for presses, the role of the state in supporting presses, scholars from literary criticism, the sociology of literature and publishing studies demonstrate how a variety of approaches and methods are needed to fully understand the contemporary small press and its significance for literary studies and for broader literary culture.

Understanding Dave Eggers Timothy W. Galow, 2014-11-12 *Understanding Dave Eggers* surveys the work of one of the most celebrated American authors of the twenty-first century and is the first book-length study incorporating Eggers's novels, short story collections, and film scripts. With a style aimed at students and general readers alike, Timothy W. Galow offers a textual analysis that uniquely combines Eggers's early autobiographical works and the subject of celebrity as well as his later texts that deal with humanitarian issues. Galow devotes a chapter to each of Eggers's major works, from his first book, the Pulitzer Prize-nominated memoir *A Heartbreaking Work of Staggering Genius*, through his recent novel *A Hologram for the King*, a National Book Award finalist about an aging American businessman chasing success in Saudi Arabia. Other chapters cover *You Shall Know Our Velocity*, *What Is the What*, and *Zeitoun*. Each chapter studies the major themes and styles of the featured work while also placing it in the context of Eggers's oeuvre. In this way, Galow examines each text in its own right but he also offers us a larger guide to all of Eggers's work. Providing important historical background for understanding Eggers's literary work, Galow examines how Eggers's texts are deeply invested in both his own public persona and the changing cultural conditions in the United States over the past twenty years. Galow's careful analysis is conveyed in clear language that engages issues important to contemporary critics without being pedantic or jargon-laden. As a result, *Understanding Dave Eggers* can serve as a useful introduction to the author's work or a valuable resource for the devoted reader.

Postmodern/Postwar and After Jason Gladstone, Andrew Hoberek, Daniel Worden, 2016-07 Within the past ten years, the field of contemporary American literary studies has changed significantly. Following the turn of the twenty-first century and mounting doubts about the continued explanatory power of the category of postmodernism, new

organizations have emerged book series have been launched journals have been created and new methodologies periodizations and thematics have redefined the field Postmodern Postwar and After aims to be a field defining book a sourcebook for the new and emerging critical terrain that explores the postmodern postwar period and what comes after The first section of essays returns to the category of the post modern and argues for the usefulness of key concepts and themes from postmodernism to the study of contemporary literature or reevaluates postmodernism in light of recent developments in the field and historical and economic changes in the late twentieth and early twenty first centuries These essays take the contemporary abandonments of postmodernism as an occasion to assess the current states of postmodernity After that the essays move to address the critical shift away from postmodernism as a description of the present and toward a new sense of postmodernism as just one category among many that scholars can use to describe the recent past The final section looks forward and explores the question of what comes after the postwar postmodern Taken together these essays from leading and emerging scholars on the state of twenty first century literary studies provide a number of frameworks for approaching contemporary literature as influenced by yet distinct from postmodernism The result is an indispensable guide that seeks to represent and understand the major overhauling of postwar American literary studies that is currently underway
