Schalow, 2011-08-25 Numerous volumes have been written on the philosophy of Martin Heidegger and new translations of his writings appear on a regular

basis Up to now however no book has addressed the connections between Heidegger s thought and the hermeneutic methodology involved in translating his works or any other text Gathering essays by internationally recognized scholars this volume examines the specific synergy that holds between Heidegger s thinking and the distinctive endeavor of translation Heidegger Translation and the Task of Thinking Essays in Honor of Parvis Emad offers scholars and students alike a rare journey into the insights and intricacies of one of the greatest philosophers of the twentieth century The book also pays homage to Parvis Emad Professor Emeritus of Philosophy at De Paul University founder of the journal Heidegger Studies and a renowned translator of Heidegger s writings Heidegger Translation and the Task of Thinking Essays in Honor of Parvis Emad provides a uniquely focused perspective on Heidegger s thought and delves into the strategies and controversies that attend all attempts to translate his most complex and challenging texts including his seminal works Contributions to Philosophy and Mindfulness Accordingly this book will be of great interest and benefit to anyone working in the fields of phenomenology hermeneutics or Heidegger studies
