Cumulated Index Medicus ,1986 **The Monopsony Game** Jerry L. Rhoads, 2014-12-27 America is number one in health care cost per capita and 38th in quality care Statistically Americans spend more money on their health care than anything else but food But the consumption of the health care dollar is predominately not paid for by the consumer The middlemen so to speak make the forces of free enterprise moot Consumers are bystanders in the relationship between purchase and quality because they do not directly pay for the service or products This phenomenon is called Monopsony The consumer is not the buyer But the buyer is almost singly dominant This is the reverse of Monopoly where the seller has the last say This is not Microsoft at work It is the Federal and State Medicare and Medicaid programs that buy upwards of 75% of all health care service products Under the Obama Nation Government will be the purchaser of last resort for all Americans Due to the onslaught of the baby boomers both the Government run health care and the insurance industry will bankrupt America unless they learn how to Win the Monopsony Game This book defines the problems and proposes common sense solutions Official Report of the Debates of the House of Commons Canada. Parliament. House of Commons, 1995-12

Health Care as a Social Good David M. Craig, 2014-09-10 David M Craig traveled across the United States to assess health care access delivery and finance in this country He interviewed religious hospital administrators and interfaith activists learning how they balance the values of economic efficiency and community accountability He met with conservatives liberals and moderates reviewing their ideas for market reform or support for the Affordable Care Act He discovered that health care in the US is not a private good or a public good Decades of public policy and philanthropic service have made health care a shared social good Health Care as a Social Good Religious Values and the American Democracy argues that as escalating health costs absorb more and more of family income and government budgets we need to take stock of the full range of health care values to create a different and more affordable community based health care system Transformation of that system is a national priority but Americans have failed to find a way to work together that bypasses our differences Craig insists that community engagement around the common religious conviction that healing is a shared responsibility can help us achieve this transformation one that will not only help us realize a new and better system but one that reflects the ideals of American democracy and the common good *House of Commons Debates, Official Report* Canada. Subcommittee on Health,1980 *Fools and Knaves* Howard Green,2014-03-18 Republicans have proven adept at getting middle class voters to vote against their own pocketbooks George W Bush and his advisors promised economic growth jobs and an ownership societybut delivered a housing finance bubble Wall Street profits fueled by fraud a recession budget deficits low economic growth massive job losses and upward transfers of middle class wealth In Fools and Knaves author Howard Green explores both the short term and long term effects of Republican controlled government on the nation When the Republicans left town they handed the tab for clean up to taxpayers and then obstructed every effort to

repair the economy that they broke Whats more they now favor cuts to government programs for the poor government shutdowns and threats of credit default The financial crisis of 2007 was no accident it flowed from GOP policies that were intended to benefit the 1 percent as well as themselves Republicans succeeded beyond their wildest dreams and today the wealthiest among us pocket virtually all the gains associated with the rebuilding of our economy Meanwhile the middle class suffers home foreclosures job losses and reductions in real income Fools and Knaves makes it clear that while appealing largely to social conservatives and older white blue collar voters Republicans make promises to the middle class but actually deliver results only to the wealthy Everyone else especially those who are younger better educated female and from minority households is now getting the message Republicans have nothing to offer them
