Anthony Amatrudo, 2018-01-24 This book develops a more nuanced and technically rigorous account of persons and groups in the context of intentional action and responsibility. Until now criminologists have taken groups as fairly straightforward associations and neglected the technical and problematic issues of how intention and action both structure membership and action. Amatrudo also assesses the often overlooked fleeting nature of many groups and the overstated continuity of group membership, and this book has radical implications for the way we describe criminal groupings e.g. criminal groups with their loose bonds but tight sense of intentionality from criminogenic groups with their tight bonds and loose sense of intentionality. A key issue investigated here is the implications involved for people incarcerated on joint criminal enterprise charges and gang membership related charges, and this timely topic will be of great interest to academics and students of Criminology, Law, Sociology and a variety of other Social Sciences. The volume will also be useful for lawyers, social workers, community workers and others involved in the criminal justice system.

Protecting National Security Phil Glover, 2021-07-27 This book contends that modern concerns surrounding the UK State's investigation of communications and more recently data, whether at rest or in transit, are in fact nothing new. It evidences how, whether using common law, the Royal Prerogative or statutes to provide a lawful basis for a state practice traceable to at least 1324, the underlying policy rationale has always been that first publicly articulated in Cromwell's initial Postage Act 1657, namely the protection of British national security broadly construed. It further illustrates how developments in communications technology led to Executive assumptions of relevant investigatory powers administered in conditions of relative secrecy. In demonstrating the key role played throughout history by communications service providers, the book also charts how the evolution of the UK Intelligence Community, entry into the UKUSA communications intelligence sharing agreement 1946 and intelligence community advocacy all significantly influenced the era of arguably disingenuous statutory governance of communications investigation between 1984 and 2016. The book illustrates how the 2013 Intelligence Shock, triggered by publication of Edward Snowden's unauthorized disclosures, impelled a transition from Executive secrecy and statutory disingenuousness to a more consultative, candid Executive and a policy of transparent secrecy now reflected in the Investigatory Powers Act 2016. What the book ultimately demonstrates is that this latest comprehensive statute, whilst welcome for its candour, represents only the latest manifestation of the British state's policy of ensuring protection of national security by granting powers enabling investigative access to communications and data in transit or at rest, irrespective of location.

[Journal of the Senate of the United States of America](#) United States Congress. Senate, **Global Perspectives on Reforming the Criminal Justice System** Pittaro, Michael, 2021-06-25 The often tenuous relationship between law enforcement and communities of color, namely African Americans, has grown increasingly strained, and the call for justice has once again ignited the demand for criminal justice reform. Rebuilding the trust between the police and the citizens that they have sworn to protect and serve requires that criminal justice practitioners and educators collaborate with elected officials and commit to an open, ongoing dialogue on the most

challenging issues that remain unresolved but demand collective attention and support Reform measures are not limited to policing policies and practices but rather extend throughout the criminal justice system There is no denying that the criminal justice system as we know it is flawed but not beyond repair Global Perspectives on Reforming the Criminal Justice System provides in depth and current research about the criminal justice system around the world its many inadequacies and why it urgently needs reformation Offering a fully fleshed outline of the current system this book details the newest research and is incredibly important to fully understand the flaws of the criminal justice system across the globe The goals of this book are to improve and advance the criminal justice system by addressing the glaring weaknesses within the system and discuss potential reforms including decreasing the prison population decarceration and improving police community relations Highlighting topics that include accountability community oriented policing ethics and mass incarceration this book is ideal for law enforcement officers trainers educators government officials policymakers correctional officers court officials professionals researchers academicians and students in the fields of criminal justice criminology sociology psychology addictions mental health social work public policy and public administration

Policing the Global South Danielle Watson, Sara N. Amin, Wendell C. Wallace, Oluwagbenga (Michael) Akinlabi, Juan Carlos Ruiz-Vásquez, 2022-11-11 Policing the Global South provides scholarship which further transnationalises and democratises ideas about policing practices and philosophies highlighting renovations in approaches to policing studies and injecting innovative perspectives into the study of policing from scholars positioned on the periphery Criminological knowledge depolarisation underscores a conscious effort by scholars from the Global South to increase intellectual knowledge focused on developing context specific responses to issues not aligned to Northern ideological positions and specific to the non Northern context Such shifts draw attention to the expanse of spaces beyond Northern centres rife with challenges unlike any specific to those experienced or conceptualised by scholars from the Global North with an applied Northern criminological lens Applying a postcolonial lens to empirical knowledge from country specific cases in former colonies in Africa Asia the Caribbean the Pacific and Latin America this book examines how policing issues not aligned to Northern ideological positions and specific to non Northern contexts are addressed The primary purpose is to share innovations in the field of policing service provision threats to security crime responses justice and international trends developed in postcolonial developing country contexts Given the aim of the book and the contributors own research on issues of policing across the globe it discusses themes including but not limited to the colonial legacies and their impact on policing how plural regulatory systems and partnerships are navigated by the police the linkages between access to justice community perceptions and police legitimacy innovations and challenges in organisational reform crime prevention and community partnerships and the expanding roles of police organisations in the Global South While each chapter presents a policing issue in a country within a specific part of the Global South the book highlights how important it is to frame responses based on contextual realities informed by an

awareness of the past and present with a goal of informing the future Delivering a much needed introduction to those specialising in policing in developing countries this book is invaluable reading for academics and students of criminology criminal justice governance policy and IR as well as professionals in policing organizations across the globe Honour Based Crimes and the Law Mukaddes Gorar,2021-05-10 Honour based violence and abuse manifests itself in different forms and this book offers a comprehensive understanding of this phenomenon This book argues that the limits of honour crimes must be defined more widely so that they include conducts and behaviours that originate from the patriarchal notion of honour such as honour based oppression and breast ironing The book provides a critical analysis and synthesis of the law in England and Wales and in the international human rights sphere The relevant domestic legislation and cases are examined to reflect on whether adequate protection is provided for the victims and potential victims of honour based violence and abuse Since honour based violence is a violation of human rights the relevant international human rights law is examined to illustrate the perception of such crimes in the international arena The effectiveness of any remedy for victims of honour based violence and abuse depends on its capability to change deep rooted behaviours in communities with honour based patriarchal values This book argues that the law does not provide the effective impact required in part due to patriarchal structures and that more efforts should be dedicated to changes in education It is held that there is a need for an educational programme that is especially designed to tackle violence and promote gender equality The book will be essential reading for academics researchers and policy makers working in the areas of Human Rights Law Criminal Law and Gender Studies
