

Sharp Video Wall at Metropolitan Police Department Allows Community to See the Big Picture

When a police department in a major Midwestern U.S. city needed a renovation of its headquarters, a new 3,000-square-foot Community Room was created. The designer wanted the centerpiece to be an enormous video screen that would be big and bright enough for everyone to see. Sharp professional displays proved to be the best solution as its slim bezels provide the illusion of one large screen and its brightness outshines ambient light.

Business Environment Challenges

The police department protects and serves one of the most populated cities in the Midwestern U.S. with nearly a half million residents. The headquarters needed serious updating. In fact, it hadn't had a major renovation since construction in 1981.

For board meetings and community-oriented events, the police department used a small room on the sixth floor. It had a maximum capacity of only 100 people, and had no video screens. A 19" TV had to be rolled in on a cart when needed. The TV was not easy for everyone in the room to see, and the acoustics needed modernizing as well. With more than 2,000 employees and a growing need for community-oriented events, the headquarters was overdue for an overhaul.

Business Technology Solutions

The police department retained the services of a design team that included Avant Acoustics, to plan a much bigger, high-tech "Community Room" to provide the ultimate AV experience and enhance communications for numerous types of presentations and events. The 3,000-square-foot Community Room offers three times the sitting and standing capacity of the former room and is conveniently located on the first floor. The new location also helps visitors feel more comfortable as security measures have improved as well.

Challenges

- The police department needed an updated meeting room to fit more people with a video screen that everyone could see.
- Floor-to-ceiling windows on one wall let in a lot of ambient light, so projection couldn't be used for a video screen.

Solutions

- A video wall of 18 Sharp 60" Class (50" diagonal) PH-V601A professional displays.

Results

- The video wall gives the illusion of one large screen as the Sharp PH-V601A displays'bezel slim bezels.
- The Sharp PH-V601A displays are able to handle the natural light coming into the room.
- The video wall is a "huge hit" and is a "night and day difference" over the former room.

Questions of Accountability Matthew Flinders, Chris Monaghan, 2023-09-21 This book explores accountability from a range of perspectives crossing traditional disciplinary thematic and professional boundaries. It asks fresh questions about accountability and its place and importance in democratic societies. Accountability matters. It matters because it connects the governors with the governed and for this reason it is a hallmark of democratic governance. And yet amidst a backdrop of concerns about democratic backsliding, the rise of populism, the role of algorithmic governance, moral barbarism, and post-truth politics, to mention just a few issues, a number of potentially far-reaching questions of accountability have been asked. It is for exactly this reason that this book explores the concept of accountability from a range of perspectives crossing traditional disciplinary thematic and professional boundaries. It asks fresh questions about accountability and its place and importance in democratic societies. The book considers the questions raised by the shifting architecture of accountability. Whilst some scholars suggest that accountability processes have never been so effective, trumpeting the rise of monitory democracy with its dense array of watchdogs, sleaze busters, auditors, legislative committees, statutory supports, and investigative mechanisms, others express concern about the risk of overloads, gaps, and traps. This has led to a focus on fuzzy accountability and diagonal accountability, pointing to increasing conceptual confusion. Bringing together world-leading scholars and former politicians and public servants, the book cuts through this confusion and provides the reader with the answers to the most debated issues, including rarely discussed pathologies of accountability, post-human governance, and a novel focus on balance and proportionality. *Report of the Major & Superintendent of the Metropolitan Police, District of Columbia*.
