Ethics Casebook Gregory W. Brock, 1994 Provision of Mental Health Counseling Services Under TRICARE Institute of Medicine, Board on the Health of Select Populations, Committee on the Qualifications of Professionals Providing Mental Health Counseling Services Under TRICARE, 2010-06-23. In this book, the IOM makes recommendations for permitting independent practice for mental health counselors treating patients within TRICARE, the DOD's health care benefits program. This would change current policy, which requires all counselors to practice under a physician's supervision without regard to their education, training, licensure, or experience.

Integrative Systemic Supervision Yaliu He, Nathan Hardy, Adam Fisher, Neil Venketraman, 2025-07-30. This book provides a comprehensive guide to applying Integrative Systemic Therapy (IST) principles in clinical supervision and training. It offers a solution to the challenges therapists face when integrating diverse therapeutic models. In today's clinical practice, training based on single models is insufficient, and many therapists struggle to combine conflicting approaches. This book presents a theory-driven, hands-on method for supervisors to help therapists bridge these gaps and master integrative therapy from a systemic perspective. The first half focuses on IST supervision methods within cultural contexts, while the second half explores the development of both IST supervisors and therapists with practical, real-world supervision examples throughout. Invaluable to supervisors in marriage and family therapy, counseling, clinical psychology, and social work, the book equips readers with essential tools to enhance their supervision practice and expand their expertise in integrative therapy.
