consumer don't have to take the abuse that bad software dishes out As you might expect from the book's title Dave's expose is laced with humor sometimes outrageous but always dead on You'll laugh out loud as you recall incidents with your own software that made you cry You'll slap your thigh with the same hand that so often pounded your computer desk and wished it was a bad programmer's face But Dave hasn't written this book just for laughs He's written it to give long overdue voice to your own discovery that software does indeed suck but it shouldn't
