How the West Became Antisemitic Ivan G. Marcus,2025-08-05 An examination of how the Jews real and imagined so challenged the Christian majority in medieval Europe that it became a society that was religiously and culturally antisemitic in new ways In medieval Europe Jews were not passive victims of the Christian community as is often assumed but rather were startlingly assertive forming a Jewish civilization within Latin Christian society Both Jews and Christians considered themselves to be God s chosen people These dueling claims fueled the rise of both cultures as they became rivals for

supremacy In How the West Became Antisemitic Ivan Marcus shows how Christian and Jewish competition in medieval Europe laid the foundation for modern antisemitism Marcus explains that Jews accepted Christians as misguided practitioners of their ancestral customs but regarded Christianity as idolatry Christians on the other hand looked at Jews themselves not Judaism as despised They directed their hatred at a real and imagined Jew theoretically subordinate but sometimes assertive an implacable enemy within In their view Jews were permanently and physically Jewish impossible to convert to Christianity Thus Christians came to hate Jews first for religious reasons and eventually for racial ones Even when Jews no longer lived among them medieval Christians could not forget their former neighbors Modern antisemitism based on the imagined Jew as powerful and world dominating is a transformation of this medieval hatred A sweeping and well documented history of the rivalry between Jewish and Christian civilizations during the making of Europe How the West Became Antisemitic is an ambitious new interpretation of the medieval world and its impact on modernity *The English Version of the Polyglott Bible* Thomas Chevalier, 1834 *The War of Chupas (English Edition)* Pedro de Cieza de Leon, Pedro de Cieza de Leon was on the whole the most important historian and is now the best authority on ancient Peru so far as his work has reached us for he was a great traveller and an eye witness of much that he described For all the events at which he was not present he received evidence from many actors in them He was an intelligent observer humane and conscientious striving after impartiality and though an enthusiastic admirer of the valour and endurance of his countrymen he was horrified at their acts of cruelty which he denounces in no measured terms Unfortunately only one part of his great work was published near the time other parts long lost have been found and published in recent years and some yet remain to be discovered I the first part published in 1553 was the Cronica which is mainly geographical II the second part was the History and Religion of the Incas III the Conquest of Peru IV V VI and VII the Civil Wars viz 1 War of Las Salinas 2 War of Chupas 3 War of Quito and 4 War of Huarina and Sacsahuana III and VII are still lost to us Cieza de Leon also wrote a book entitled Libro de Fundaciones to which he frequently refers the reader for fuller details respecting habits and customs of Indian tribes and other particulars That work is also lost The Council of the Hakluyt Society selected the first part of the Cronica of Cieza de Leon to form a volume of its series in 1864 and the translation and editing were entrusted to me It is a valuable contribution to the geography of the Cauca valley in Colombia and of Peru while the author's account of the coast almost amounts to a book of sailing directions In 1880 II the history of the Incas was brought to light and texts were printed by the late Dr Gonzalez Rosa in 1873 and also by Jimenez de la Espada in 1880 This exceedingly valuable account of Inca civilization was known to Mr Prescott and he frequently quotes from it but he was not aware of Cieza de Leon being the author This part was chosen by the Council to be included in the Hakluyt Society's series in 1883 and I again undertook the work of translation and editing Quite recently three of the volumes on the Civil Wars of Peru by Cieza de Leon have been discovered in manuscript and published at Madrid The War of Quito covering the period from the arrival of the Viceroy Blasco Nunez Vela

to his death at Anaquito was translated and edited by me forming one of the Hakluyt Society's volumes for 1912 I have also translated and edited the War of Las Salinas giving a detailed account of the dispute between Pizarro and Almagro which ended with the battle of Las Salinas and the execution of Almagro by Hernando Pizarro The present volume by Cieza de Leon is entitled The War of Chupas and contains a detailed narrative of events from the battle of Las Salinas to the final overthrow of the Almagro faction at the battle of Chupas including the murder of Pizarro the arrival of Vaca de Castro as governor the campaign against Almagro the younger the promulgation of the New Laws and the appointment of Blasco N ez Vela as viceroy to enforce them To be continue in this ebook

Medicine and Justice Katherine Watson, 2019-12-06 This monograph makes a major new contribution to the historiography of criminal justice in England and Wales by focusing on the intersection of the history of law and crime with medical history It does this through the lens provided by one group of historical actors medical professionals who gave evidence in criminal proceedings They are the means of illuminating the developing methods and personnel associated with investigating and prosecuting crime in the eighteenth and nineteenth centuries when two linchpins of modern society centralised policing and the adversarial criminal trial emerged and matured The book is devoted to two central questions what did medical practitioners contribute to the investigation of serious violent crime in the period 1700 to 1914 and what impact did this have on the process of criminal justice Drawing on the details of 2 600 cases of infanticide murder and rape which occurred in central England Wales and London the book offers a comparative long term perspective on medico legal practice that is what doctors actually did when they were faced with a body that had become the object of a criminal investigation It argues that medico legal work developed in tandem with and was shaped by the needs of two evolving processes pre trial investigative procedures dominated successively by coroners magistrates and the police and criminal trials in which lawyers moved from the periphery to the centre of courtroom proceedings In bringing together for the first time four groups of specialists doctors coroners lawyers and police officers this study offers a new interpretation of the processes that shaped the modern criminal justice system
