Ufeministi ni istilahi inayotumiwa kueleza nadharia ambayo imewekewa misingi na msukumo mkubwa pamoja na nia ya kupigania ukombozi wa wanawake kutokana na pingu za kiutamaduni na kidini zilizomfunga kwa muda mrefu. (Malenya, 2012)

Katika Wamitila (2002:235), Ufeministi ni nadharia inayopinga asasi zote za kiiamii zinazochandia

*After the "Speculative Turn": Realism, Philosophy, and Feminism* Katerina Kolozova, Eileen A. Joy, 2016 Recent forms of realism in continental philosophy that are habitually subsumed under the category of speculative realism a denomination referring to rather heterogeneous strands of philosophy bringing together object oriented ontology OOO non standard philosophy or non philosophy the speculative realist ideas of Quentin Meillassoux and Marxism have provided grounds for the

much needed critique of culturalism in gender theory and the authority with which post structuralism has dominated feminist theory for decades This publication aims to bring forth some of the feminist debates prompted by the so called speculative turn while demonstrating that there has never been a niche of speculative realist feminism Whereas most of the contributions featured in this collection provide a theoretical approach invoking the necessity of foregrounding new forms of realism for a feminism beyond gender as culture some of the essays tackle OOO only to invite a feminist critical challenge to its paradigm while others refer to some extent to non philosophy or the new materialisms but are not reducible to either of the two We have invited essays from intellectual milieus outside the Anglo Saxon academic center bringing together authors from Serbia Slovenia France Ireland the UK and Canada aiming to promote feminist internationalism rather than a generous act of cultural inclusion

Women, Culture and Society Rutgers University, 1992-08-01 Catching a Wave Rory Dicker, Alison Piepmeier, 2016-02-01 Young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender based barriers Contesting the notion that we are in a post feminist age this provocative collection of original essays identifies a third wave of feminism The contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second wave feminists

and is grounded in the material realities and culture of the twenty first century Organized in five sections that mirror the stages of consciousness raising this is an engaging often edgy look at a broad range of perspectives on the diversity complexity multiplicity and playfulness of the third wave It is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved **Feminist Thought, Student Economy Edition** Rosemarie Tong,2018-10-03 This book provides a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism women of color feminisms and ecofeminism Theorizing Black Feminisms Abena P. Feminism and Evolutionary Biology Patricia Gowaty, 2012-12-06 Standing at the intersection of evolutionary biology and feminist theory is a large audience interested in the questions one field raises for the other Have evolutionary biologists worked largely or strictly within a masculine paradigm seeing males as evolving and females as merely reacting passively or carried along with the tide Would our view of nature red in tooth in claw be different if women had played a larger role in the creation of evolutionary theory and through education in its transmission to younger generations Is there any such thing as a feminist science or feminist methodology For feminists does any kind of biological determinism undermine their contention that gender roles purely constructed not inherent in the human species Does the study of animals have anything to say to those preoccupied with the evolution and behavior of humans All these questions and many more are addressed by this book whose contributing authors include leading scholars in both feminism and evolutionary biology Bound to be controversial this book is addressed to evolutionary biologists and to feminists and to the large number of people interested in women s studies
