oppression many required medical attention during their period of exile An Ambulance on Safari describes the efforts of the African National Congress ANC to deliver emergency healthcare to South African exiles and in the same stroke to establish political legitimacy and foster anti apartheid sentiment on an international stage Banned in South Africa from 1960 to 1990 the ANC continued its operations underground in anticipation of eventual political victory styling itself as a government in waiting In 1977 it created its own Health Department which it presented as an alternative medical service and the nucleus of a post apartheid healthcare system By publicizing its own democratic policies as well as the racist practices of healthcare delivery in South Africa the Health Department won international attention for its cause and provoked widespread condemnation of the apartheid state While the global campaign was unfolding successfully the department s provision of healthcare on the ground was intermittent as patients confronted a fledgling medical system experiencing various growing pains Still the legacy of the department would be long as many medical professionals who joined the post apartheid Department of Health in South Africa had been trained in exile during the liberation struggle With careful attention to both the international publicity campaign and on the ground medical efforts An Ambulance on Safari reveals the intricate and significant political role of the ANC s Health Department and its influence on the anti apartheid movement Research in Administrative Sciences under COVID-19 Mónica Lorena Sánchez Limón, María Luisa Saavedra García, 2022-05-23 Research in Administrative Sciences under COVID 19 examines the context surrounding organizations in the face of the COVID 19 Pandemic detailing aspects related to Latin American and Mexican companies and their competitiveness in the face of the global health crisis **Salutogenesis and Coping** Orna Braun-Lewensohn, Claude-Hélène Mayer, 2021-03-12 This volume of Proceedings gathers papers presented at XOVETIC2020 A Coruña Spain 8-9 October 2020 a conference with the main goal of bringing together young researchers working in big data artificial intelligence Internet of Things HPC High performance computing cybersecurity bioinformatics natural language processing 5G and other areas from the field of ICT Information Communications Technology and offering a platform to present the results of their research to a national audience in Portugal This third edition aims to serve as the basis of this event which will be consolidated over time and acquire international projection **Christological Paradigm Shifts in Prophetic Pentecostalism in South Africa** Mookgo Solomon Kgatle, Marius Nel, Collum Banda, 2021-09-22 This book explores recent developments in South African Pentecostalism focusing on new prophetic churches The chapters engage with a number of paradigm shifts in Christology identified as complementing Christ competing with Christ removing Christ and replacing Christ What are the implications of these shifts Does it mean that believers no longer believe in Christ but in their leaders Does it shift believers faith towards materiality than the person of Christ This volume will be valuable for scholars of African Christianity and in particular those interested in the neo prophetic movement and Christology in a South African context *A Bold Profession* Leslie Anne Hadfield, 2021-05-11 In rural South African clinics Black nurses were charged with administering life saving health care
