Cancer s Seeming Madness is about David a forty three year old agnostic son who during his cancerous terminal illness as he was searching for truth described his bewilderment as seeming madness This book will help persons confronted with the mystery of suffering and death especially when the issues are personified as they impinge on their own lives or on the lives of ones loved The book is unique in its focus on moments of humor and deep interpersonal relationships David s own words and actions mollify somewhat the vivid portrayal of his search for truth and meaning Is there a God who speaks to us through the natural world and circumstances rarely identified with spiritual truth Does the old word providence often associated with Biblical belief have any meaningful place in a world where science and technology seem to reign supreme Can we see the face of God in art and feel a divine presence in human relationships You ll likely be surprised by the answers that David and those close to him found as they caught a glimpse of the Spirit at work through their tears and laughter Perhaps as you read Cancer s Seeming Madness the mystery of life will begin to open like a flower in spring and you will see the colors of peace purpose and hop as signs of God s presence nurtured by insights in this intriguing book that the author dares call God s Story

His Love Endures Forever Garry J. Williams,2016-06-14 God is love there are few more quoted statements from all of Scripture Although wonderfully simple the idea that God is fundamentally loving is incredibly profound And yet sometimes we confuse God s love with our human understanding of love an understanding that is inherently imperfect sometimes self serving and often fickle Helping us walk in the belief that God is love not that love is God this book explores what the Bible actually teaches about how and what God loves Readers will discover that although we often misunderstand misuse and take for granted God s love it s actually more wonderful pure and satisfying than we ever imagined
