Bell, 2014-06-30 Book two of the Nephilim. When private detective Elizabeth Rand witnesses a murder in the snow, she's in for the case of her life. Mysterious creatures are killing people, and soon she's hired to look into one of the deaths. That means working with one of the city's sexiest detectives, Dante Zucco. As a Nephilim, the offspring of a human and an angel, Dante's been hunting the demons known as Shemyaza for years, and Beth's case stinks of one. But while he can see the Shem's miasma, she can't, and she refuses to believe she's in over her head. As infuriating as she is, he can't stay away. If she died, she'd take a piece of his heart with her. Dante's too loud, too brash, too everything, but Beth can't resist him. And that might be a deadly problem. Dante's got a sense the Shem are out for his blood, literally, and that means anyone he cares about is in danger. If the Shem realize they can kill Beth to hurt him, it'll take all the inner fire he's got to keep her safe. 79,000 words.

**Fire in the Heart** Mark R. Warren, 2010-09-02 *Fire in the Heart* uncovers the dynamic processes through which some white Americans become activists for racial justice The book reports powerful accounts of the development of racial awareness drawn from in depth interviews with fifty white activists in the fields of community organizing education and criminal justice reform Drawing extensively on the rich interview material Mark Warren shows how white Americans can develop a commitment to racial justice not just because it is the right thing to do but because they embrace the cause as their own Contrary to much contemporary thinking on racial issues focused on altruism or interests Warren finds that cognitive and rational processes alone do little to move whites to action Rather the motivation to take and sustain action for racial justice is profoundly moral and relational Warren shows how white activists come to find common cause with people of color when their core values are

engaged as they build relationships with people of color that lead to caring and when they develop a vision of a racially just future that they understand to benefit everyone themselves other whites and people of color Warren also considers the complex dynamics and dilemmas white people face in working in multiracial organizations committed to systemic change in America's racial order and provides a deeper understanding and appreciation of the role that white people can play in efforts to promote racial justice The first study of its kind **Fire in the Heart** brings to light the perspectives of white people who are working day to day to build not a post racial America but the foundations for a truly multiracial America rooted in a caring human community with equity and justice at its core

From Buddy Holly and the Crickets to the Flatlanders Terry Allen and Natalie Maines Lubbock Texas has produced songwriters musicians

and artists as prolifically as cotton conservatives and windstorms While nobody questions where the conservatives come from in a city that a recent nonpartisan study ranked as America's second most conservative many people wonder why Lubbock is such fertile ground for creative spirits who want to expand the boundaries of thought in music and art Is it just that there's nothing else to do as some have suggested or is there something in the character of Lubbock that encourages creativity as much as conservatism In this book Christopher Oglesby interviews twenty-five musicians and artists with ties to Lubbock to discover what it is about this community and West Texas in general that feeds the creative spirit Their answers are revealing Some speak of the need to rebel against conventional attitudes that threaten to limit their horizons Others such as Joe Ely praise the freedom of mind they find on the wide open plains There is this empty desolation that I could fill if I picked up a pen and wrote or picked up a guitar and played he says Still others express skepticism about how much Lubbock as a place contributes to the success of its musicians Jimmie Dale Gilmore says I think there is a large measure of this Lubbock phenomenon that is just luck and that is the part that you cannot explain As a whole the interviews create a portrait not only of Lubbock's musicians and artists but also of the musical community that has sustained them including venues such as the legendary Cotton Club and the original Stubb's Barbecue This kaleidoscopic portrait of the West Texas music scene gets to the heart of what it takes to create art in an isolated often inhospitable environment As Oglesby says Necessity is the mother of creation Lubbock needed beauty poetry humor and it needed to get up and shake its communal ass a bit or go mad from loneliness and boredom so Lubbock created the amazing likes of Jimmie Dale Gilmore Butch Hancock Terry Allen and Joe Ely
