Triumph is the story of my journey through the fire service and has been a dream of mine since I was promoted to the rank of fire lieutenant in 1974 Writing this story and reliving many events was painful such as the blatant racism and disrespect experienced on duty the day Dr Martin Luther King was assassinated in Memphis Tennessee and when the firefighters union expelled all the black firefighters from membership when they refused to disband their association as members of the Black Firefighters association and Scrotum on the head the worst scandal in the Miami Fire Department s history are a few of the most important stories revealed in my book But this story is not just about pain it is also about the joy of triumphing over the obstacles and barriers that were endemic for trailblazing black firefighters from the mid 1960 s and beyond **New York Court of Appeals. Jordan,2023-01-20 *Vaccine* By Floyd Jordan *Vaccine* is a fictional story about the coronavirus pandemic plaguing the United States and the world Because of a slow and poor response to this pandemic the United States suffered from coronavirus infections and deaths more than any country in the world The race by every pharmaceutical company in the world to develop a vaccine to stop the infections and deaths was most crucial to the current president of the United States and his chances for reelection in November 2020 The president needed to have an effective vaccine ready for inoculations before the election and this desire resulted in many crucial safety steps being skipped and overlooked The vaccine was developed and effective but weeks later inoculated Americans would need protection from the vaccine *Vaccine* is an interesting and relevant story that mirrors the current virus and vaccine environment we live in today It captivates the reader by following the daily experiences of fictional characters from the Miami Fire Department where the deputy fire chief becomes the first person in the country to die from the effects of the vaccine The most fascinating and surprising part The mutating vaccine only kills one ethnic group 9th Circuit Update ,1989 **Authorization Request for the Civil Rights Division of the Department of Justice** United States.
