## Getting Married In Denmark:

Denmark Robert Pateman, Laura Sullivan, 2016-04-15 Denmark is a country that has existed since the age of the Vikings. It has a vibrant history, a unique way of life, and deeply rooted beliefs. Today, Denmark helps make up an area called Scandinavia. It is a proud country with unique traditions and customs and its own language. This book explores Denmark and all it has to offer. All books of the critically acclaimed Cultures of the World series ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives and interactive activities such as creating an authentic traditional dish from an easy-to-follow recipe. Copious maps and detailed timelines present the past and present of the country while exploration of the art and architecture help your readers to understand why diversity is the spice of life. *When Gay People Get Married* M. V. Lee Badgett, 2010-11 Badgett offers a rare look at how gay marriage is actually working by taking readers to a land where it has been legal for same-sex couples to marry since 2001, the Netherlands. Through interviews with married gay couples, we learn about the often surprising changes to their relationships and the reactions of their families and work colleagues. Moreover, Badgett shows how the institution itself has been altered, exploring how the concept of marriage itself has changed in the United States and the Netherlands. The evidence from around the world shows both that marriage changes gay people more than gay people change marriage and that it is the most liberal countries and states making the first moves to recognize gay couples. In the end, Badgett demonstrates that allowing gay couples to marry does not destroy the institution of marriage and that many gay couples do benefit in expected as well as surprising ways from the legal, social, and political rights that the institution offers. From publisher description. **Women and Cultural Citizenship in Turkey** Solen Sanli, 2015-12-10 In 2005, a Turkish woman was shot dead by her son in an honour killing for appearing on a popular women's talk show on television. The show invited ordinary women from lower socio-economic classes to speak of their experiences of family life, marriage, divorce, child custody rights, and relations with the law. Here Solen Sanli examines the diversification of mass media in Turkey following liberalization in the 1980s. Specifically looking at popular women's talk shows, *Woman's Voice Television*, she explores the way in which groups with political and cultural power control public discourse and the public sphere in Turkey and how urban, rural, and Islamist/secular oppositions play out. Sanli traces the development of mass media in Turkey, particularly television, and closely examines how narrations of violence against women are presented. *Women and Cultural Citizenship in Turkey* contains rigorous topical and original insights relevant for a range of disciplines such as Anthropology, Gender, and Communication Studies, as well as those researching cultural and political participation in the Middle East. **How to Live in Denmark** Kay Xander Mellish, 2015-08-24 Life in one of the world's most homogenous countries can be tough on foreigners.
