Ghost Of The Southern Cross:

Ghost Stories by British and American Women Lynette Carpenter, Wendy K. Kolmar, 2015-01-28 Originally published in 1998 and covering a tradition ignored by most critics this bibliography assembles and documents a large body of supernatural fiction written by women in English from the end of the 18th century to the present These stories the work of women whose literary reputations personal histories and bodies of work vary widely challenge the narrow way in which supernatural literature has traditionally been regarded they indicate a much richer and more complex set of literary responses to the supernatural than has been hitherto acknowledged The writers included range from Ann Radcliffe and the Gothic novelists to Louisa May Alcott Charlotte Gilman and Edith Wharton to such modern writers as Elizabeth Bowen Jean Rhys Muriel Spark and A S Byatt The volume will be of interest to literary and cultural historians and of particular importance to women s studies scholars

The Mythical West Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America s most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody s Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs

Tales Of Men And Ghosts

Edith Wharton, 2015-10-15 He began by a quick survey of his early years the years of drudgery and privation His father a charming man who could never say no had so signally failed to say it on certain essential occasions that when he died he left an illegitimate family and a mortgaged estate His lawful kin found themselves hanging over a gulf of debt and young Granice to support his mother and sister had to leave Harvard and bury himself at eighteen in a broker's office He loathed his work and he was always poor always worried and in ill health A few years later his mother died but his sister an ineffectual neurasthenic remained on his hands His own health gave out and he had to go away for six months and work harder than ever when he came back He had no knack for business no head for figures no dimmest insight into the mysteries of commerce He wanted to travel and write those were his inmost longings And as the years dragged on and he neared middle age without making any more money or acquiring any firmer health a sick despair possessed him He tried writing but he always came home from the office so tired that his brain could not work For half the year he did not reach his dim up town flat till after dark and could only brush up for dinner and afterward lie on the lounge with his pipe while his sister droned through the evening paper Sometimes he spent an evening at the theatre or he dined out or more rarely strayed off with an acquaintance or two in quest of what is known as pleasure And in summer when he and Kate went to the sea side for a month he dozed through the days in utter weariness Once he fell in love with a charming girl but what had he to offer her in God's name She seemed to like him and in common decency he had to drop out of the running Apparently no one replaced him for she never married but grew stoutish grayish philanthropic yet how sweet she had been when he had first kissed her One more wasted life he reflected

Vigilantes, 1863-1870 Mark C. Dillon, 2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s from a state Supreme Court justice and legal historian Historians and novelists alike have described the vigilantism that took root in the gold mining communities of Montana in the mid 1860s but Mark C Dillon is the first to examine the subject through the prism of American legal history considering the state of criminal justice and law enforcement in the western territories and also trial procedures gubernatorial politics legislative enactments and constitutional rights Using newspaper articles diaries letters biographies invoices and books that speak to the compelling history of Montana's vigilantism in the 1860s Dillon

examines the conduct of the vigilantes in the context of the due process norms of the time. He implicates the influence of lawyers and judges who like their non-lawyer counterparts shaped history during the rush to earn fortunes in gold. Dillon's perspective as a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics, constitutional issues, corrupt law enforcement, and the basic need of citizenry for social order. This readable and well-directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history, law, and criminal justice for years to come. Justice Dillon's book reads like a Western. Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in mining towns. There are heroes, villains, shady characters, and more than a few politicians, businessmen, lawyers, and judges. What sets Dillon's book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials, sentences, due process, and procedures of the day. And he sheds grisly light on the details of the hangings. Dillon's unique background as an attorney and judge, and his downright dogged research, are what makes this complex story so engaging. The prose is clear, crisp, and gets to the point. The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings. Gregory Zenon, Brooklyn Barrister. Dillon's analysis of the vigilantes of Bannack, Alder Gulch, and Helena in Montana Territory is the most detailed, insightful, and legally nuanced yet produced. This book is a model for historians to follow when dealing with 19th-century criminal proceedings. Establishing historical context includes examining the laws in books as well as the law in action. Gordon Morris Bakken, Great Plains Research.
