Progressive Minds, Conservative Politics Aryeh Tepper, 2013-12-01 Compelling account of Strauss's mature Maimonidean writings Leo Strauss 1899-1973 one of the preeminent political philosophers of the twentieth century was an astute interpreter of Maimonides's medieval masterpiece *The Guide of the Perplexed* In *Progressive Minds, Conservative Politics* Aryeh Tepper overturns the conventional view of Strauss's interpretation and of Strauss's own mature thought According to the scholarly consensus Strauss traced the well-known contradictions in the *Guide* to the fundamental tension in Maimonides's mind between reason and revelation going so far as to suggest that while the Jewish philosopher's overt position was religiously pious i.e. on the side of Jerusalem secretly he was on the side of reason or Athens In Tepper's analysis Strauss's judgments emerge as much more complex than this and also more open to revision In his later writings Tepper shows Strauss pointed to contradictions in Maimonides's thought not only between but also within both Jerusalem and Athens Moreover Strauss identified and identified himself with an esoteric Maimonidean teaching on progress progress within the Bible beyond the Bible and even beyond the rabbinic sages Politically a conservative thinker Strauss like Maimonides located man's deepest satisfaction in progressing in the discernment of the truth In the fullness of his career Strauss thus pointed to a third way beyond the modern alternatives of conservatism and progressivism
