Section 4 Assessment

2. Which of the steps taken by Popes Paul III and Paul IV to reform the Catholic Church do you think were wise? Which were unwise? Explain. **THINK ABOUT**

- the goals of the reforming popes
- whether the steps clearly addressed those goals
- possible effects of each step

ANSWER

Possible Responses:

Wise—Calling the council of cardinals and the Council of Trent helped clarify the Catholic position on controversial issues; approving the Jesuits helped combat Protestantism and spread Catholicism.

Unwise—Using the Inquisition may have made martyrs out of Protestants; creating the Index of Forbidden Books blocked the spread of new ideas.

Guided The Reformation Continues The Answer:

Why the Reformation Still Matters Michael Reeves, 2016-04-21 On 31 October 1517 Martin Luther posted his ninety five theses on the castle church door in Wittenberg More than any other event this has the best claim to be the starting gun that set the Reformation in motion Five hundred years later the Reformation still has important things to say In this clear incisive and accessible survey Michael Reeves and Tim Chester show how the Reformation helps us answer questions like How do we know what s true Can we truly know God How does God speak What s wrong with us How can we be saved Who am I That many people today find the Reformation strange and remote exposes our preoccupation with this material world and this momentary life If there is a world beyond this world and a life beyond this life then it doesn t seem to matter very much to us At its heart the Reformation was a dispute about how we know God and how we can be right with him At stake was our eternal future and it still is

Mission Continues Claudia Wahrisch-Oblau, Fidon Mwombeki, 2010-09-01 In May 2009 thirty five theologians from Asia Africa and Europe met in Wuppertal Germany for a consultation on mission theology organized by the United Evangelical Mission Communion of Thirty five Churches in Three Continents The aim was to participate in the 100th anniversary of the Edinburgh conference through a study process and reflect on the challenges for mission in the twenty first century We decided not to invite renowned experts but to have an open invitation through a call for papers so that practicing mission experts not yet well known would have an opportunity to share their expertise We decided not to predetermine a theme or motto for the consultation but to allow various themes on mission to emerge from the papers themselves and thus to allow wide ranging discussions Indeed the papers were varied each drew strong reactions lively and even controversial debates We were able to discover common concerns transcending very different contexts The collection of papers in this book has been taken from the papers delivered at the Wuppertal consultation In some cases short responses by one or two of the consultation participants were added to highlight the discussions that followed The very varied voices collected in this

Adams,2015-07-01 This book examines the intersection and interplay between Progressive Era rhetoric regarding commercialized vice and the realities of prostitution in early twentieth century Philadelphia Arguing that any study of commercial sexual vice in a historical context is difficult given the paucity of evidence this work instead focuses on reformers construction of a cultural view of prostitution which Adams argues was based more upon their perceptions of the trade than on reality itself Looking at the urban core of the city Progressive reformers saw vice immorality and decay but as they frequently had little face to face interaction with prostitutes plying their trade they were forced to construct culturally fueled archetypes to explain what they believed they saw Ultimately reformers in Philadelphia were battling against a rhetorical creation of their own design and any study of anti vice reform in the early twentieth century tells us more about the relationship between activists and the government than it does about vice itself
