You will highlight, ponder, and tab as you read about the design of Concept-Based literacy lessons. All students deserve the best literacy instruction, and this IS the BEST! H. Lynn Erickson. The guide for designing and implementing Concept-Based literacy lessons. A Concept-Based Curriculum is designed to help students uncover important transferable understandings about what it means to be a capable reader, writer, speaker, viewer, listener, and thinker. This essential guide picks up where the book *Designing Concept-Based Curriculum for English Language Arts* left off. Authors Lois Lanning and Tiffanee Brown explain how to move from design to actionable practice by providing tools and examples straight from the classroom. They'll also show teachers how to use common literacy instructional practices such as Socratic Seminar, close reading, think aloud, explicit instruction, and so forth to support students' transfer of conceptual understanding. Written especially for literacy teachers, readers will find step-by-step help with lesson planning for conceptual understanding and transfer. Ideas for supporting inductive learning. Classroom Snapshots that showcase familiar literacy practices in Concept-Based classrooms. Strategies to promote critical, reflective, and conceptual thinking.
