you to exercise caution when purchasing technical publications for your classic motorcycle or automobile as many of the

reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea

what they are selling Many are nothing more than poor quality digital or comb bound photocopies that are scanned or

printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even

refurbished In addition they are often advertised for the incorrect series and or model years However VelocePress com has

been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent
