Iris Muller Westermann Book:

Munch by Himself Iris Müller-Westermann, Edvard Munch, Royal Academy of Arts (Great Britain), 2005 Published to accompany the exhibition held at Moderna Museet Stockholm 19 February 15 May 2005 Munch Museet Oslo 11 June 28 August 2005 Royal Academy of Arts London 1 October 11 December 2005 Modern Women Artists in the Nordic Countries, 1900–1960 Kerry Greaves, 2021-04-05 This transnational volume examines innovative women artists who were from or worked in Denmark Finland Greenland Iceland Norway S pmi and Sweden from the emergence of modernism until the feminist movement took shape in the 1960s The book addresses the culturally specific conditions that shaped Nordic artists contributions brings the latest methodological and feminist approaches to bear on Nordic art history and engages a wide international audience through the contributors subject matter and analysis Rather than introducing a new history of rediscovered women artists the book is more concerned with understanding the mechanisms and structures that affected women artists and their work while suggesting alternative ways of constructing women s art histories Artists covered include Else Alfelt Pia Arke Franciska Clausen Jessie Kleemann Hilma af Klint Sonja Ferlov Mancoba Greta Knutson Aase Texmon Rygh Hannah Ryggen J l ana Sveinsd ttir Ellen Thesleff and Astri Aasen The target audience includes scholars working in art history cultural studies feminist studies gender studies curatorial studies Nordic studies postcolonial studies and visual studies Hilma Af Klint Julia Voss, 2022-10-19 A highly anticipated biography of the enigmatic and popular Swedish painter The Swedish painter Hilma af Klint 1862 1944 was forty four years old when she broke with the academic tradition in which she had been trained to produce a body of radical abstract works the likes of which had never been seen before Today it is widely accepted that af Klint was one of the earliest abstract academic painters in Europe But this is only part of her story Not only was she a working female artist she was also an avowed clairvoyant and mystic Like many of the artists at the turn of the twentieth century who developed some version of abstract painting af Klint studied Theosophy which holds that science art and religion are all reflections of an underlying life form that can be harnessed through meditation study and experimentation Well before Kandinsky Mondrian and Malevich declared themselves the inventors of abstraction af Klint was working in a nonrepresentational mode producing a powerful visual language that continues to speak to audiences today The exhibition of her work in 2018 at the Guggenheim Museum in New York City attracted more than 600 000 visitors making it the most attended show in the history of the institution Despite her enormous popularity there has not yet been a biography of af Klint until now Inspired by her first encounter with the artist s work in 2008 Julia Voss set out to learn Swedish and research af Klint s life not only who the artist was but what drove and inspired her The result is a fascinating biography of an artist who is as great as she is enigmatic **Eye of the Sixties** Judith E. Stein, 2016-07-12 In 1959 Richard Bellamy was a witty poetry loving beatnik on the fringe of the New York art world who was drawn to artists impatient for change By 1965 he was representing Mark di Suvero was the first to show Andy Warhol s pop art and pioneered the practice of off site

exhibitions and introduced the new genre of installation art As a dealer he helped discover and champion many of the innovative successors to the abstract expressionists including Claes Oldenburg James Rosenquist Donald Judd Dan Flavin Walter De Maria and many others The founder and director of the fabled Green Gallery on Fifty Seventh Street Bellamy thrived on the energy of the sixties With the covert support of America s first celebrity art collectors Robert and Ethel Scull Bellamy gained his footing just as pop art minimalism and conceptual art were taking hold and the art world was becoming a playground for millionaires Yet as an eccentric impresario dogged by alcohol and uninterested in profits or posterity Bellamy rarely did more than show the work he loved As fellow dealers such as Leo Castelli and Sidney Janis capitalized on the stars he helped find Bellamy slowly slid into obscurity becoming the quiet man in oversize glasses in the corner of the room a knowing and mischievous smile on his face Born to an American father and a Chinese mother in a Cincinnati suburb Bellamy moved to New York in his twenties and made a life for himself between the Beat orbits of Provincetown and white glove events like the Guggenheim s opening gala No matter the scene he was always considered one of us partying with Norman Mailer befriending Diane Arbus and Yoko Ono and hosting or performing in historic Happenings From his early days at the Hansa Gallery to his time at the Green to his later life as a private dealer Bellamy had his finger on the pulse of the culture Based on decades of research and on hundreds of interviews with Bellamy s artists friends colleagues and lovers Judith E Stein s *Eye of the Sixties* rescues the legacy of the elusive art dealer and tells the story of a counterculture that became the mainstream A tale of money taste loyalty and luck Richard Bellamy s life is a remarkable window into the art of the twentieth century and the making of a generation s aesthetic Bellamy had an understanding of art and a very fine sense of discovery There was nobody like him I think I certainly consider myself his pupil Leo Castelli

Theory of World Security Ken Booth, 2007-12-20 What is real What can we know How might we act This book sets out to answer these fundamental philosophical questions in a radical and original theory of security for our times Arguing that the concept of security in world politics has long been imprisoned by conservative thinking Ken Booth explores security as a precious instrumental value which gives individuals and groups the opportunity to pursue the invention of humanity rather than live determined and diminished lives Booth suggests that human society globally is facing a set of converging historical crises He looks to critical social theory and radical international theory to develop a comprehensive framework for understanding the historical challenges facing global business as usual and for planning to reconstruct a more cosmopolitan future *Theory of World Security* is a challenge both to well established ways of thinking about security and alternative approaches within critical security studies

Lee Lozano Jo Applin, 2018-01-01 An illuminating study of an overlooked artist from the 1960s whose work has recently returned to the limelight This is the first in depth study of the idiosyncratic ten year career of Lee Lozano 1930 1999 assuring this important artist a key place in histories of post war art The book charts the entirety of Lozano s production in 1960s New York from her raucous drawings and paintings depicting broken tools genitalia and other body parts to the final exhibition of her spectacular series of abstract Wave Paintings at the Whitney Museum of American Art in 1970 Highly regarded at the time Lozano is now perhaps best known for Dropout Piece 1970 a conceptual artwork and dramatic gesture with which she

quit the art world Shortly afterwards she announced she would have no further contact with other women Her dropout and boycott of women lasted until her death by which time she was all but forgotten This book tackles head on the challenges that Lozano poses to art history and especially to feminist art history attending to her failures as well as her successes and arguing that through dead ends and impasses she struggled to forge an alternative mode of living Lee Lozano Not Working looks for the means to think about complex figures like Lozano whose radical politically ambiguous gestures test our assumptions about feminism and the right way to live and work

The Other Side Jennifer

Higgie, 2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world by the author of The Mirror and the Palette It s not so long ago that a woman s expressed interest in other realms would have ruined her reputation or even killed her And yet spiritualism in various incarnations has influenced numerous men including lauded modernist artists such as Wassily Kandinsky Piet Mondrian Kazimir Malevich and Paul Klee without repercussion The fact that so many radical female artists of their generation and earlier also drank deeply from the same spiritual well has been sorely neglected for too long In The Other Side we explore the lives and work of a group of extraordinary women from

the twelfth century mystic composer and artist Hildegard of Bingen to the nineteenth century English spiritualist Georgiana Houghton whose paintings swirl like a cosmic Jackson Pollock the early twentieth century Swedish artist Hilma af Klint who painted with the help of her spirit guides and whose recent exhibition at New York's Guggenheim broke all attendance records to the Desert Transcendentalist Agnes Pelton who painted her visions beneath the vast skies of California We also learn about the Swiss healer Emma Kunz who used geometric drawings to treat her patients and the British surrealist and occultist Ithell Colquhoun whose estate of more than 5 000 works recently entered the Tate gallery collection While the individual work of these artists is unique the women loosely shared the same goal to communicate with and learn from other dimensions Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences Jennifer Higgie discusses the solace of ritual the gender exclusions of art history the contemporary relevance of myth the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art A radical reappraisal of a marginalized group of artists *The Other Side* is an intoxicating blend of memoir biography and art history

Conceptual Revolutions in Twentieth-Century Art David W. Galenson, 2009-09-14 From Picasso's Cubism and Duchamp's readymades to Warhol's silkscreens and Smithson's earthworks the art of the twentieth century broke completely with earlier artistic traditions A basic change in the market for advanced art produced a heightened demand for innovation and young conceptual innovators from Picasso and Duchamp to Rauschenberg and Warhol to Cindy Sherman and Damien Hirst responded not only by creating dozens of new forms of art but also by behaving in ways that would have been incomprehensible to their predecessors *Conceptual Revolutions in Twentieth Century Art* presents the first systematic analysis of the reasons for this discontinuity David W Galenson whose earlier research has changed our understanding of creativity combines social scientific methods with qualitative analysis to produce a fundamentally new interpretation of modern art that will give readers a far deeper appreciation of the art of the past century and of today than is available elsewhere

Creativity David Gauntlett, 2022-10-14 This is a lively and thought provoking book about how to do creativity unlock your potential and make a difference The artists musicians and writers we think of as very creative are just like us except that they have spent time developing and realizing ideas and have found the confidence to share them with the world None of this comes naturally This wide ranging book offers research advice and philosophy to fuel your understanding and passion for creativity David Gauntlett draws on his own experiences of making music and experimenting with digital media alongside 25 years of researching creativity Including insights from a diverse array of creators the book highlights the vitality of the individual creative voice in a world where social media offers a weird mix of inspiration and suffocation and our struggles for social justice are equally hopeful and upsetting *Creativity* shows how vulnerability experimentation and courage can enable us to become bold and engaging creators Also available as an audiobook narrated by the author *Edvard Munch Between the Clock and the Bed* Gary Garrels, Jon-Ove Steihaug, Sheena Wagstaff, Karl Ove Knausgaard, Patricia G.

Berman, Allison Morehead, Richard Shiff, Mille Stein, 2017-06-24 In *Self Portrait Between the Clock and the Bed* the elderly Edvard Munch stands like a sentinel in his bedroom studio surrounded by the works that constitute his artistic legacy A powerful meditation on art mortality and the ravages of time this haunting painting conjures up the Norwegian master's entire career It also calls into question certain long held myths surrounding Munch that his work declined in quality after his nervous breakdown in 1908 9 that he was a commercially naive social outsider and that he had only a limited role in the development of European modernism p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana The present volume aims to rebut such misconceptions by freshly examining this enigmatic artist In the preface the renowned novelist Karl Ove Knausgaard considers Munch as a fellow creative artist and seeks to illuminate the source of his distinctive talent The four groundbreaking essays that follow present numerous surprising insights on matters ranging from Munch's radical approach to self portraiture to his role in promoting his own career They also reveal that Munch has been an abiding inspiration to fellow painters both during his lifetime and up to the present artists as varied as Jasper Johns Bridget Riley Asger Jorn and Georg Baselitz have acknowledged his influence More than sixty of Munch's paintings dating from the beginning of his career in the early 1880s to his death in 1944 are accompanied by a generous selection of comparative illustrations and a chronology of the artist's life The result is an intimate provocative study that casts new light on Munch's unique oeuvre an oeuvre that Knausgaard describes as having gone where only a painting can go to that which is beyond words but which is still part of our reality *Edvard Munch* Edvard Munch, 2003
