Kalamazoo School Spring Break 2015:

Broader, Bolder, Better Elaine Weiss, Paul Reville, 2021-02-23 In *Broader Bolder Better* authors Elaine Weiss of the Broader Bolder Approach to Education campaign and Paul Reville former Massachusetts secretary of education make a compelling case for a fundamental change in the way we view education. The authors argue for a large scale expansion of community school partnerships in order to provide holistic integrated student supports ISS from cradle to career including traditional wraparound services like health mental health nutrition and family supports as well as expanded access to opportunities such as early childhood education afterschool activities and summer enrichment programs. The book builds on nearly a decade of research by the Broader Bolder Approach to Education a national initiative endorsed by more than sixty policy experts and leaders from across the country and draws on the work of Harvard's Education Redesign Lab. It pulls from case studies of effective ISS efforts in twelve diverse communities to illustrate the variety of strategies that can be adopted locally. A call to action that also provides examples of communities that are successfully leveling the playing field for poor children this book offers a detailed vision for building through field work mobilization and financing comprehensive systems to prepare all children for success.

Growing Up Country: A Demlow Family History Carl W. Demlow, 2021-05-13 *Growing Up Country: A Demlow Family History* By Carl Demlow *Growing Up Country: A Demlow Family History* is the result of fifteen years of research travel to several states and many hours of writing and rewriting. It began with the simple goal of providing our children and grandchildren with a short history of the Demlow family and specifically the author's experiences on the family farm in the 1950s. But it didn't end there the book took on a life of its own as it grew to include the Moeller Ganun and Roekle families as well as historical tidbits from the 1880s to the present.

The Highest Hurdle Kim Wroblewski, 2019-05-07 It was year of the Ice Bucket Challenge when MaryFran Peterlin Kolp was diagnosed with Amyotrophic Lateral Sclerosis. A top college athlete and having earned a Ph.D. in Exercise Physiology she was never afraid to rise up to a challenge and she decided that she would do whatever it takes to try to find a cure. MaryFran always had a strong Catholic Faith to rely on great family support and would soon see how a small Northern Michigan town would rally around her. She would explore not just conventional western medicine but alternative treatments and therapies diets and of course rely on her faith to guide her. Using her positive attitude she takes us on her ALS journey with the belief that God chose her so that others could be spared with the hope that maybe she could help find a cure. You will laugh cry and be amazed at how one woman could have such a lasting impact on a community and how that community helped to care for her. MaryFran will show you that all you need is faith family and some Frantabulous Friends to live a happy life.
