Black Greek-Letter Organizations in the 21st Century Gregory S. Parks,2008-06-13 A masterpiece of multidisciplinary scholarship that clearly demonstrates the contemporary relevance of black fraternities and sororities Hasan Kwame Jeffries author of *Bloody Lowndes* During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed To foster a greater engagement with the history and contributions of BGLOs

Black Greek Letter Organizations in the Twenty first Century brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead

The Journal, 2002 *Before You Pledge: Essential Information You Should Know About the Divine Nine* Dr. Michael J. R. Winfield, *Before You Pledge Essential Information You Should Know About the Divine Nine* is an important read for all those considering joining a Black Greek Letter Organization or for anyone wanting to simply learn about the origin of this august body of black men and women The dawn of the twentieth century brought many challenges to young African American students seeking enrollment at all white college campuses Intense racial prejudice forced many black students to leave predominantly white universities And at the same time on Historically Black College campuses the desire for fellowship through shared social experiences led to the rise of Black Greek life starting with Cornell University in New York Alpha Phi Alpha the first black fraternity formed at a predominantly white university in 1906 would point the way for similar organizations to develop Between 1906 and 1922 eight Black Greek Letter Organizations were formed with a ninth in 1963 Known collectively as the Divine Nine these five fraternities and four sororities would go on to shape the course of Black America Together these young black men and women would face down racial prejudice take the lead in the fight for social justice in the end reshape the American cultural landscape Finally no other group of people can claim to have the sheer degree of accomplishments in all areas of human activity in the United States and in many other parts of the world compared to the Divine Nine

Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and

surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead *Encyclopedia of African American History, 1896 to the Present* Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century

African American Culture Omari L. Dyson, Judson L. Jeffries Ph.D., Kevin L. Brooks, 2020-07-23 Covering everything from sports to art religion music and entrepreneurship this book documents the vast array of African American cultural expressions and discusses their impact on the culture of the United States According to the latest census data less than 13 percent of the U S population identifies as African American African Americans are still very much a minority group Yet African American cultural expression and strong influences from African American culture are common across mainstream American culture in music the arts and entertainment in education and religion in sports and in politics and business African American Culture An Encyclopedia of People Traditions and Customs covers virtually every aspect of African American cultural expression addressing subject matter that ranges from how African culture was preserved during slavery hundreds of years ago to the richness and complexity of African American culture in the post Obama era The most comprehensive reference work on African American culture to date the multivolume set covers such topics as black contributions to literature and the arts music and entertainment religion and professional sports It also provides coverage of less commonly addressed subjects such as African American fashion practices and beauty culture the development of jazz music across different eras and African American business *Ebony*, 1990-05 EBONY is the flagship magazine of Johnson Publishing

Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

Opportunity Charles Spurgeon Johnson,1923 *Career Education and Minorities* Roberta H. Jackson,1977 **The Little Rock Crisis** R. Perry,2015-05-06 The Little Rock Crisis frames the story of the Little Rock 1957 desegregation crisis through the lens of memory Over time those memories individual and collective have motivated Little Rockians for social and political action and engagement *Pursuing a Promise* F. Erik Brooks,2006 In Statesboro Georgia two schools coexisted one white and the other black Yet these schools were intertwined by their geographical location and the traditions of the segregated South There are many glaring similarities between the white students of Georgia Southern University s forerunner the First District A M School and the black students of the Statesboro Industrial and High School Yet as happened all too often in the South as implementation of the federal court s desegregation orders took shape Negro schools were downgraded or outright closed Statesboro was no different While First District A M became a regional university Statesboro Industrial and High School was downgraded to a junior high school In 1961 integration on the higher education level at Georgia s flagship university captured national attention Few works if any have examined desegregation in the context of non flagship universities Likewise there is a misguided mythology that desegregation occurred quietly at Georgia Southern University it s clear that while there was not the violence and rioting seen elsewhere in Southern universities blacks were marginalized and did not feel welcome at the college A passive group after the initial integration blacks adopted tactics of protest and confrontation to empower themselves Taking a page from the Civil Rights Movement black students and faculty established organizations to confront discrimination and gain access to campus leadership positions This is a story about the defeats victories struggles and developments of blacks at Georgia Southern University **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1992
