he perched on his chair
made of dark old oak...
The more he listened
the less he spoke!
The less he spoke
the more he heard...
He graduated and
is now more like

Burgard, Benjamin J. Hubbard, 2015-12-14 Differing moral views are dividing the country and polarizing the left and the right more than ever before This book offers unique solutions to improve communication and understanding between the two factions to fix our fractured political system Morality is at the heart of political contention in American society Unfortunately our polarized belief systems severely inhibit the achievement of bipartisan compromises A Battlefield of Values America's Left Right and Endangered Center provides a candid but nonjudgmental examination of what people think and believe and how this informs our divisions over core values By addressing how individuals believe rather than how they vote the book illuminates why 21st century America is so conflicted politically and religiously exposes what matters most to those on the right and left of the political religious and cultural spectrum explains why the members of the endangered center in American life the moderates are struggling to make sense of the great divide between conflicting ideologies and predicts how a degree of reconciliation and detente might be possible

in the future Authors Stephen Burgard and Benjamin J Hubbard build a powerful case for how authentic communication between political factions is integral to bettering our society as a whole Along the way they illustrate the impact of religion and media on American belief systems and also explore the inability of news media to serve as mediators of this dilemma This work will fascinate lay readers seeking perspective on our current political stalemate as well as serve college students taking courses in political science communications journalism anthropology or religious studies **Canton's Country Schools**
