Project Brief: Project Brief

Project Brief: Project Brief

The project brief is a document that provides a clear and concise overview of the project's goals, objectives, and scope. It is a key document that guides the project team throughout the project lifecycle.

- Project Purpose:** The project's purpose is the primary reason for its existence. It is a clear statement of the project's goals and objectives, and it serves as the foundation for the project's strategy and execution.
- Project Scope:** The project's scope is the range of activities and tasks that are included in the project. It is a clear statement of the project's boundaries and the specific tasks that will be performed.
- Project Objectives:** The project's objectives are the specific, measurable, achievable, relevant, and time-bound (SMART) goals that the project team aims to achieve. They are the concrete outcomes that the project is intended to produce.
- Project Deliverables:** The project's deliverables are the tangible outputs or products that the project team is responsible for creating. They are the results of the project's efforts and the value that the project is intended to deliver.

10

Before using your project brief, you should first ensure that you have a clear understanding of the project's goals and objectives. This will help you to identify the key areas that need to be addressed and to develop a strategy for achieving the project's objectives.

Before you begin

Before you begin your project, you should first ensure that you have a clear understanding of the project's goals and objectives. This will help you to identify the key areas that need to be addressed and to develop a strategy for achieving the project's objectives.
