

The eleven essays brought together in this volume explore the relations between expulsions, diaspora, and exile between Late Antiquity and the seventeenth century. The essays range from the Greek Empire to seventeenth-century Hungary and involve expulsions and migrations of Jews, Muslims and Protestants. The common goal of these essays is to shed light on a rather unclear situation: first, to try to understand the dynamics of expulsions, in particular its social and political causes; second, to examine how expelled communities integrate (or not) into their new host societies, and finally, to make clear how the experiences of expulsions and exile are made into founding myths that establish (or attempt to establish) group identities.

Expulsion Diaspora Formation Identities Seventeenth:

Expulsion and Diaspora Formation John Victor Tolan, 2015 The eleven essays brought together in this volume explore the relations between expulsion diaspora and exile between Late Antiquity and the seventeenth century The essays range from Hellenistic Egypt to seventeenth century Hungary and involve expulsion and migration of Jews Muslims and Protestants The common goal of these essays is to shed light on a certain number of issues first to try to understand the dynamics of expulsion in particular its social and political causes second to examine how expelled communities integrate or not into their new host societies and finally to understand how the experiences of expulsion and exile are made into founding myths that establish or attempt to establish group identities

No Return Rowan Dorin, 2025-01-28 A groundbreaking new history of the shared legacy of expulsion among Jews and Christian moneylenders in late medieval Europe Winner of the Wallace K Ferguson Prize Canadian Historical Association Beginning in the twelfth century Jewish moneylenders increasingly found themselves in the crosshairs of European authorities who denounced the evils of usury as they expelled Jews from their lands Yet Jews were not alone in supplying coin and credit to needy borrowers Across much of Western Europe foreign Christians likewise engaged in professional moneylending and they too faced repeated threats of expulsion from the communities in which they settled No Return examines how mass expulsion became a pervasive feature of European law and politics with tragic consequences that have reverberated down to the present Drawing on unpublished archival evidence ranging from fiscal ledgers and legal opinions to sermons and student notebooks Rowan Dorin traces how an association between usury and expulsion entrenched itself in Latin Christendom from the twelfth century onward Showing how ideas and practices of expulsion were imitated and repurposed in different contexts he offers a provocative reconsideration of the dynamics of persecution in late medieval society Uncovering the protean and contagious nature of expulsion No Return is a panoramic work of history that offers new perspectives on Jewish Christian relations the circulation of norms and ideas in the age before print and the intersection of law religion and economic life in premodern Europe

regional imperial and global contexts this book sheds new light on the complex relationship between the Enlightenment Catholicism administrative and academic reform in the Habsburg monarchy and the practices and ends of cultivating science in the Republic of Letters around the end of the first era of the Society of Jesus **Priests in Exile** Meron M.

Piotrkowski,2019-06-04 **Priests in Exile** is the first comprehensive scholarly opus in English to reconstruct the history of the mysterious Temple of Onias a Jewish temple built by a Jerusalemite high priest in his Egyptian exile that functioned in parallel with the Temple of Jerusalem Piotrkowski s book addresses a topic that is mysterious important and anomalous a Jewish community of mercenary priests in the Egyptian Diaspora in which the priestly sacrificial ritual was carried out daily over a period of more than two hundred years until the first century CE outlasting the Jerusalem Temple by about three years Although the book focuses on the very circumscribed topic of the parallel Temple it casts a wide net placing the story in the context of Jewish Diaspora life in ancient times Ancient topics and texts are brought to bear including papyri epigraphy archaeology as well as the modern literature Piotrkowski throws new light on a fascinating episode of ancient Jewish history that is usually left in the dark **After the Black Death** Susan L. Einbinder,2018-05-18 The Black Death of 1348 50

devastated Europe With mortality estimates ranging from thirty to sixty percent of the population it was arguably the most significant event of the fourteenth century Nonetheless its force varied across the continent and so did the ways people responded to it Surprisingly there is little Jewish writing extant that directly addresses the impact of the plague or even of the violence that sometimes accompanied it This absence is particularly notable for Provence and the Iberian Peninsula despite rich sources on Jewish life throughout the century In **After the Black Death** Susan L Einbinder uncovers Jewish responses to plague and violence in fourteenth century Iberia and Provence Einbinder s original research reveals a wide heterogeneous series of Jewish literary responses to the plague including Sephardic liturgical poetry a medical tractate written by the Jewish physician Abraham Caslari epitaphs inscribed on the tombstones of twenty eight Jewish plague victims once buried in Toledo and a heretofore unstudied liturgical lament written by Moses Nathan a survivor of an anti Jewish massacre that occurred in T rrega Catalonia in 1348 Through elegant translations and masterful readings **After the Black Death** exposes the great diversity in Jewish experiences of the plague shaped as they were by convention geography epidemiology and politics Most critically Einbinder traces the continuity of faith language and meaning through the years of the plague and its aftermath Both before and after the Black Death Jewish texts that deal with tragedy privilege the communal over the personal and affirm resilience over victimhood Combined with archival and archaeological testimony these texts ask us to think deeply about the men and women sometimes perpetrators as well as victims who confronted the Black Death As devastating as the Black Death was it did not shatter the modes of expression and explanation of those who survived it a discovery that challenges the applicability of modern trauma theory to the medieval context
