Fish! For Life Stephen C. Lundin, Harry Paul, John Christensen, 2011-09-29 The internationally acclaimed business bestseller FISH and follow ups FISH TALES and FISH STICKS have been a massive global success with over a million copies sold in the States and over 400 000 copies in the UK. Now for the first time we're shown how to put the unique FISH Philosophy into action in all areas of our lives ranging from losing weight to improving our personal finances. Using the same easy to read parable format used in the original FISH title, this is both a true follow up to that book featuring two of the original characters and a stand alone work that can be read on its own. Through its unfolding story we witness the many challenges encountered by a newly created family as they start building a life together: working parents, growing family, school tension, economic stress and weight gain, and just how they are overcome. From this appealing metaphor we can obtain accessible wisdom and applicable insights which can be applied for achieving happiness and wellbeing in our own lives.

Fish! Sticks Stephen C. Lundin, 2003-02-01 The original FISH follow up to the phenomenal bestselling Fish and Fish Tales, Fish Sticks is a stand alone business parable that shows you how to come up with a vision for your business and how to keep it alive, vital and renewed through tough times such as turnover in management and staff or a troubled economy. Using the example of a hugely successful fictional sushi restaurant as a model for a vision of continual renewal, Fish Sticks employs the same kind of easy to read story that was used in Fish to illustrate its three major principals of continued success: Commit, Be It and Coach It. When Stephanie, a new manager takes over from a wildly popular and now promoted boss, she is faced with the problem of how to keep spirits up in a corporate unit that has frankly started to get bored and cranky and revert to its old ways. But then she visits the amazing Taka Sushi, formerly Taka Teriyaki, with its lines of customers cheerfully waiting for hours to get in. Soon she realizes that the way to keep her employees motivated and her customers delighted can be learned from a bunch of waiters who teach one another everything they need to know. And when she finds out just how the owner of Taka knew to switch her main bill of fare from teriyaki to sushi long before anyone else, what she really discovers is the secret of keeping your work fresh.
