Five Ponds Press Teacher Edition:

Our America ,2017 **Teaching White Supremacy** Donald Yacovone,2023-10-24 A powerful exploration of the past and present arc of America's white supremacy from the country's inception and Revolutionary years to its 19th century flashpoint of civil war to the Civil Rights movement of the 1960s and today's Black Lives Matter The most profoundly original cultural history in recent memory Henry Louis Gates Jr Harvard University Stunning timely an achievement in writing public history Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms David W Blight Sterling Professor of American History Yale University author of the Pulitzer Prize winning Frederick Douglass Prophet of Freedom Donald Yacovone shows us the clear and damning evidence of white supremacy's deep seated roots in our nation's educational system through a fascinating in depth examination of America's wide assortment of texts from primary readers to college textbooks from popular histories to the most influential academic scholarship Sifting through a wealth of materials from the colonial era to today Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter In a stunning reappraisal the author argues that it is the North not the South that bears the greater responsibility for creating the dominant strain of race theory which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities even as Northerners blamed the South for its legacy of slavery segregation and racial injustice A major assessment of how we got to where we are today of how white supremacy has suffused every area of American learning from literature and science to religion medicine and law and why this kind of thinking has so insidiously endured for more than three centuries **Our United States** ,2017 Our State and Nation ,2019 **Studied Ignorance** Herbert N. Foerstel,2013-05-23 Despite concerted efforts from our educators administrators and government American education continues to struggle The author of this work argues that the decline can be traced to censored curricula inaccurate textbooks test driven evaluations and increasing poverty among the student population Under the definition of failure specified in the No Child Left Behind Act more than 80 percent of American schools could currently be labeled as failing while the quality of American education overall and our students performance continue to rank unfavorably against international competition This book examines the crisis in American education and identifies how weaknesses in textbooks teaching and testing have created the crisis facing American education a topic that dramatically affects students teachers and parents Author Herbert N Foerstel exposes the textbook wars that began a century ago and rage on with even more venom today His book traces the legal basis for curricular censorship that dates back 75 years identifies the bizarre process by which shoddy textbooks have been written published and come to be widely accepted and documents the disastrous effect

that reliance on these materials has had on the curriculum Foerstel also supplies a careful assessment of the current political debate over education reform and of the proposed solutions to these problems *99 Jumpstarts to Research* Peggy Whitley, Susan Williams Goodwin, Catherine C. Olson, 2010-08-16 This book provides research assistance for 99 current and provocative issues students can use to write a brief argumentative paper In 2030 it is projected that 65 percent of the population will be over 65 The U S Government Census Bureau reveals that over an adult s working life college graduates typically earn close to 1 million more than high school graduates About 43 percent of American families spend more than they earn each year These three factoids represent a tiny fraction of the potential research subjects contained in 99 Jumpstarts to Research Topic Guides for Finding Information on Current Issues Second Edition a completely revised follow up to the original edition Every jumpstart each focused upon a current timely issue contains ideas for narrowing the topic research keywords suggested best books and databases and Internet sites This book supports both faculty and students in identifying compelling topics effectively evaluating and selecting resources in today s information overload world and deriving enjoyment from the research and writing process World Studies: Eastern Hemisphere Heidi Hayes Jacobs, Michal L. LeVasseur, 2004-08 Foundations of geography World of geography Earth s physical geography Earth s human geography Cultures of the world Interacting with our environment Europe and Russia Europe and Russia physical geography Europe and Russia shaped by history Cultures of Europe and Russia Western Europe Eastern Europe and Russia Africa Africa physical geography Africa shaped by tis history Cultures of Africa North Africa West Africa Exploring East Africa Central and Southern Africa Asia and the Pacific East Asia physical geography South Southwest and Central Asia physical geography Southeast Asia and the Pacific region physical geography East Asia cultures and history South and Southeast Asia cultures and history Southeast Asia and the Pacific region cultures and history East Asia South Southwest and Central Asia Southeast Asia and the Pacific region Glossary *Jumpstarters for African-American History, Grades 4 - 8* Jane Heitman, 2010-01-04 This book will provide challenging activities that help students explore the contributions of African Americans throughout the history of our nation from slavery to the Civil War the Harlem Renaissance the Civil Rights movement and the present Short warm ups and quick assessments will highlight the African American heroes of the past as well as the leaders of today Answer keys and teacher resources page included P 4 of cover *Our Dying Republic* George Burns, George Dunlap Burns, Jr, 2011-08 Have you noticed that America is not well and increasingly her citizens are succumbing to despair The American dream is rapidly evaporating Is this a permanent or temporary condition The America of our youth is fading In these pages are a quest for answers built on the foundation of research analysis and writings of countless others No matter your political persuasion this book will speak to you of how these difficult times came upon us and what we can do to turn the tide for a better future George Burns is a retired Department of the Army civilian who served in numerous training and education assignments in Germany and the United States He retired as the Director Plans and

Communications for the Army Training Support Center He holds a BA degree from Pfeiffer College and a MEd degree from Boston University He and his wife Sigi live in the beautiful surroundings of and amidst the wonderful people of Perry County Pennsylvania They are the proud parents of two grown daughters and two delightful grandchildren **African Empires: Volume 2** J.P.
